Cruise Control	•
Parking Sensors	Front & Rear
Reverse Camera	•

There may be minor equipment changes due to model year change.

HIGHLIGHTS

ENGINEERED TO EXCITE

The Astra is powered by a series of lightweight petrol, diesel and turbo engines that are efficient in every way. They deliver smooth, ample power in combination with Astra's lightweight body for an agile and responsive drive.

LANE DEPARTURE WARNING WITH LANE KEEP ASSIST

Warning signals protect against unintentional gradual drifting – and the steering wheel even nudges gently if you move out of your lane without signalling. The real genius? It won't sound an alarm when you don't need one. For example, if you need to swerve hard to avoid an obstacle.

TRAFFIC SIGN RECOGNITION

This advanced sign-detection system picks up and displays speed limits and other important traffic signs and even recognises temporary electronic signage.

FORWARD COLLISION ALERT

Gives you an audible and visible signal if you approach slower vehicles too fast from behind. The system will also help avoid low-speed rear-end collisions by giving an additional warning in the driver's field of view.

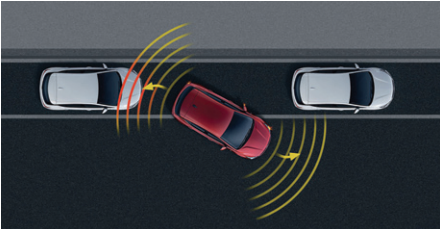

INTELLILINK INFOTAINMENT WITH APPLE CARPLAY™ OR ANDROID AUTO™

Looking to be the most connected car on the road? With our award-winning IntelliLink® multimedia system, enjoy seamless connectivity with your smartphone or tablet! With Apple CarPlay™ or Android Auto™, you'll be able to project certain apps and functions to your Opel's touchscreen display, so you can safely stay connected, even while you drive.

DUAL-ZONE ELECTRONIC CLIMATE CONTROL

The clever dual-zone electronic climate control will finally end those arguments about who's too hot and who's too cold. Using the independent driver and passenger control systems, you can set the climate that suits you best.

ADVANCED PARK ASSIST

Our Advanced Park Assist guides you from start to finish. Powered by intelligent technology, our smart parking aid finds, manoeuvres, and eases you into any suitable space. Just like that.

STORAGE SPACE

The low sill of the Astra hatchback makes the boot easy to load. With a large, adjustable capacity, it also offers plenty of space.
