

NEXT GENERATION 2015

ESCALADE

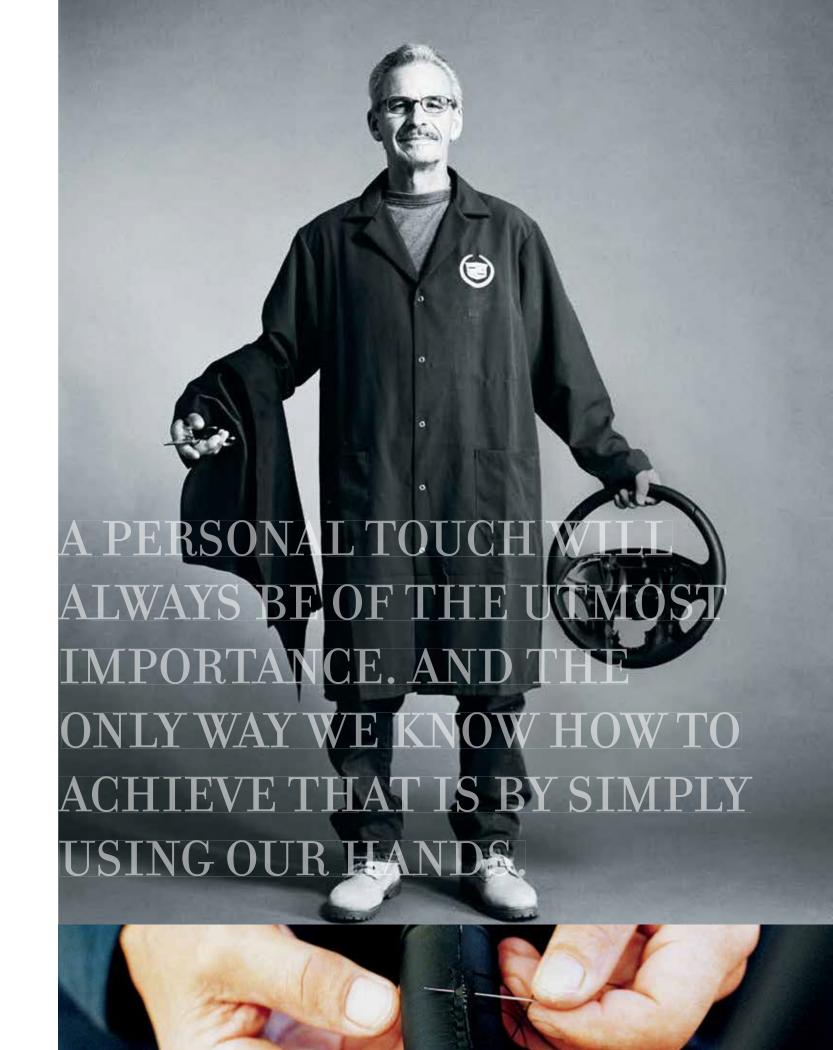

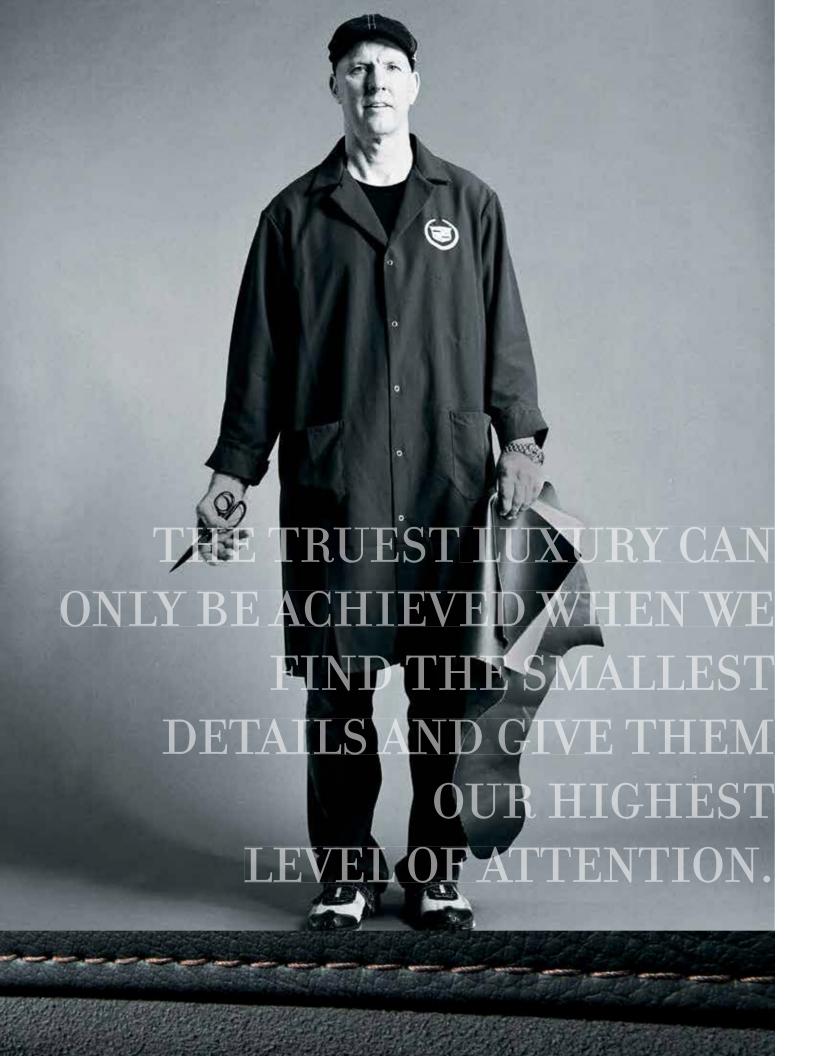

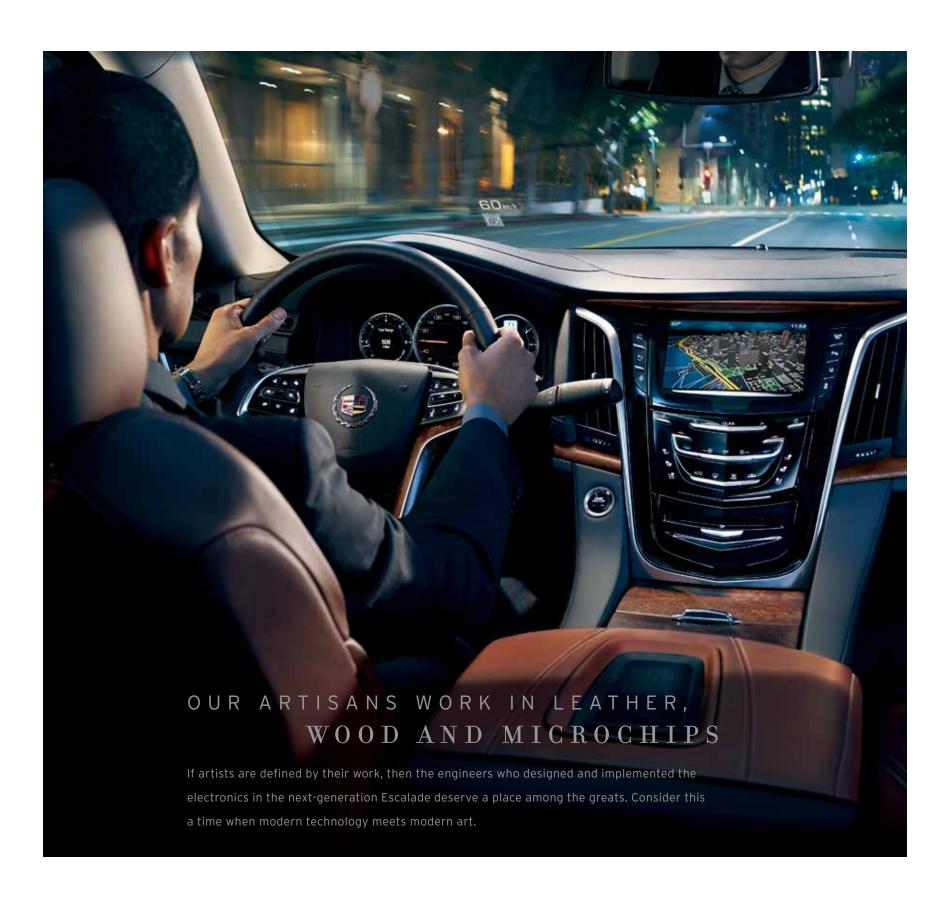

ONE SIGNATURE

Some people look at an automobile and all they see is metal and glass. But the Escalade sculptors, designers and craftsmen are true artists with a real passion for the automotive form. They immerse themselves in everything about the vehicle and infuse their spirit into everything the vehicle becomes. They feel, and we agree, that it's truly amazing to bring something handcrafted into the world.

HEAD-UP DISPLAY The available reconfigurable Head-Up Display offers a full-color interface that conveniently projects desired information — such as speed, engine rpm, navigation and more — on the windshield. This smart system places all the important information in your natural line of sight so you can keep your focus on the road ahead. RECONFIGURABLE DISPLAY Customize your 12.3" diagonal LCD gauge display to one of four personas that mixes traditional vehicle data with navigation, entertainment and detailed 3-D vehicle images. The 16-speaker BOSE® CENTERPOINT® SURROUND SOUND SYSTEM features Advanced Staging Technology, an innovation that creates an immersive sound that brings you the feeling of being front row, center stage. CADILLAC CUE Displayed on an intuitive screen, CUE — Cadillac User Experience — functions like a tablet with touch features, device synchronization and the ability to recognize your natural voice*. NAVIGATION Standard navigation brings constantly updated maps to your 8" diagonal CUE touch screen. REAR-SEAT ENTERTAINMENT SYSTEM Our available Rear-Seat Entertainment System features a large 9" screen (two screens in ESV), along with first-in-class Blu-ray™ playback. Add in MP3 capability and two sets of wireless headphones, and your passengers are in for hours of enjoyment.

EVEN THE SECOND AND THIRD ROWS ARE FIRST CLASS

POWER-FOLDING THIRD-ROW SEATS All it takes is mere seconds for these seats to fold flat, letting you go from passenger space to cargo space and back in no time. HEATED SECOND-ROW SEATS

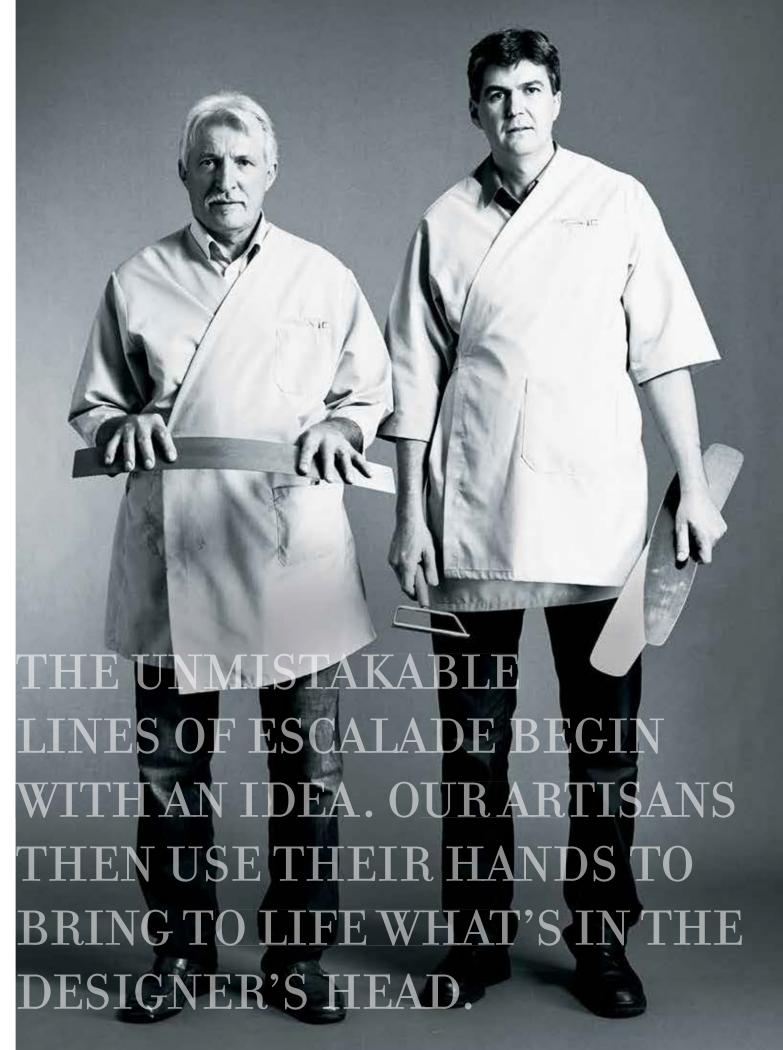

Our second-row seats make a great first impression, providing warmth, comfort and luxury in abundance. POWER-RELEASE FOLD-AND-TUMBLE SECOND-ROW SEATS In the Luxury and Premium Collections, a simple touch of a button sends the second row in motion, making it infinitely more convenient for rear passengers to enter the spacious third row. SPACE FOR EVERYTHING With the third-row seats folded flat, the Escalade ESV offers 3412 L of cargo space' and more storage compartments than ever before. CARGO MANAGEMENT SYSTEM More storage means you can bring more of what matters to you. The system located behind the third row provides additional underfloor space. Simply lift the hinged door to find a compartment that's hidden from view yet easy to access. CENTER CONSOLE STORAGE A smartphone deserves a smart console. That's why we created one with multiple USB² ports and a layered soft-touch tray. It has an intelligently designed section for your electronic devices and overall room to accommodate a tablet or small laptop. And because not all things run on USB, there's the 230-volt power outlet.

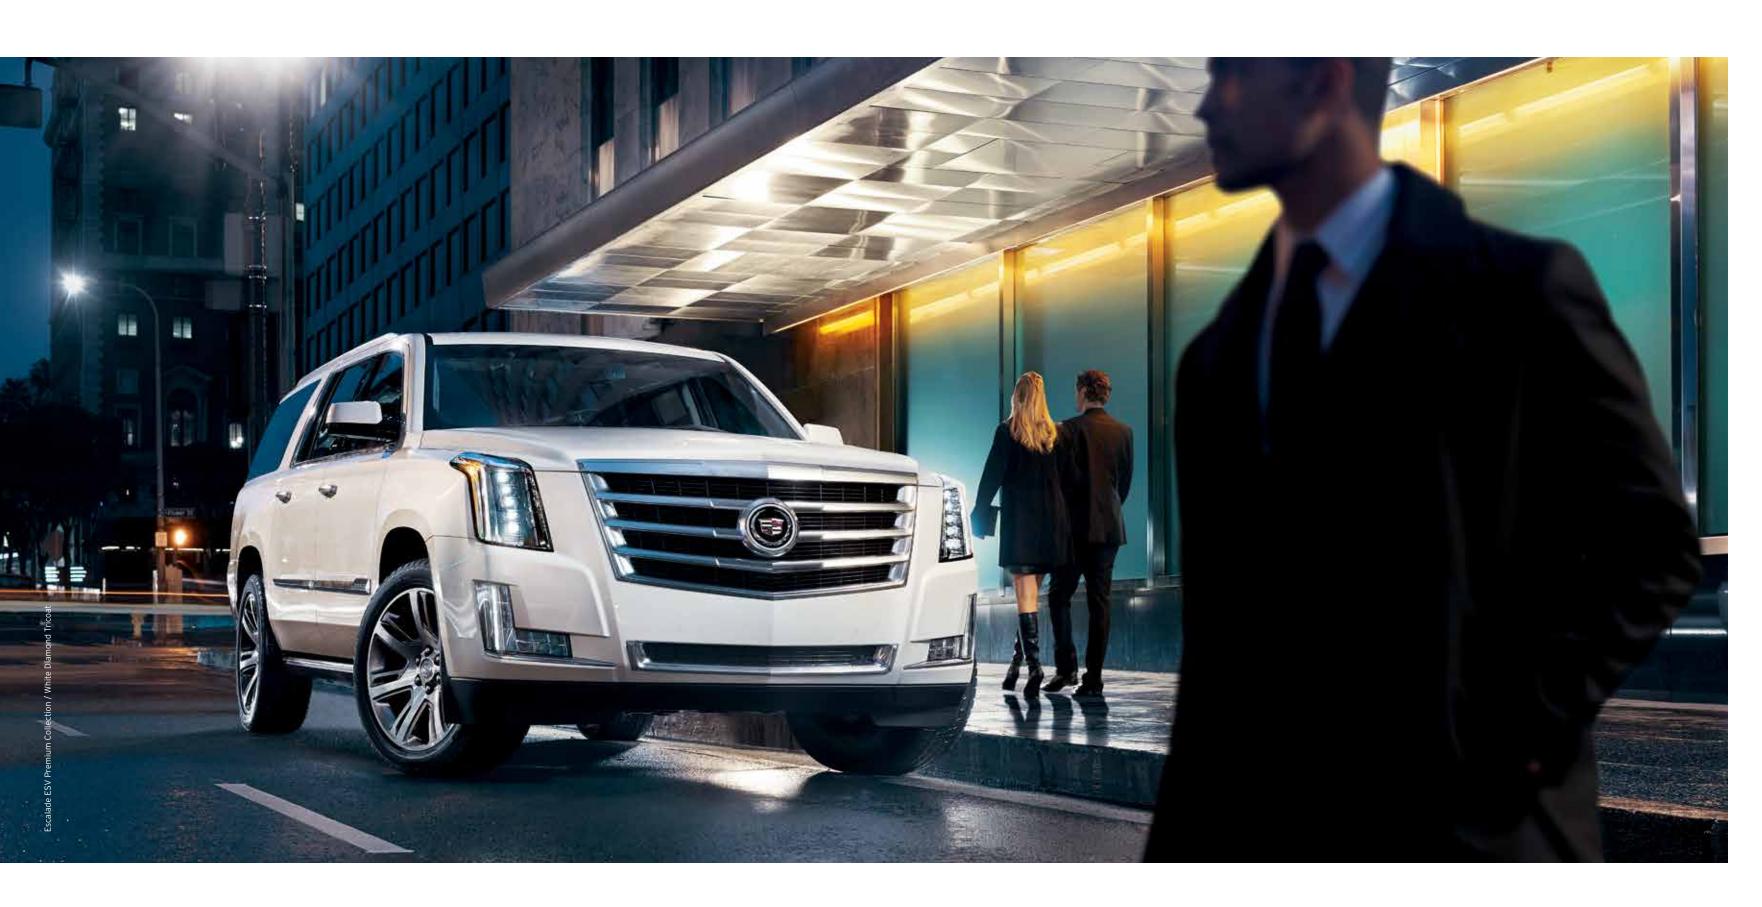

1. Cargo and load capacity limited by weight and distribution. 2. Not compatible with all devices.

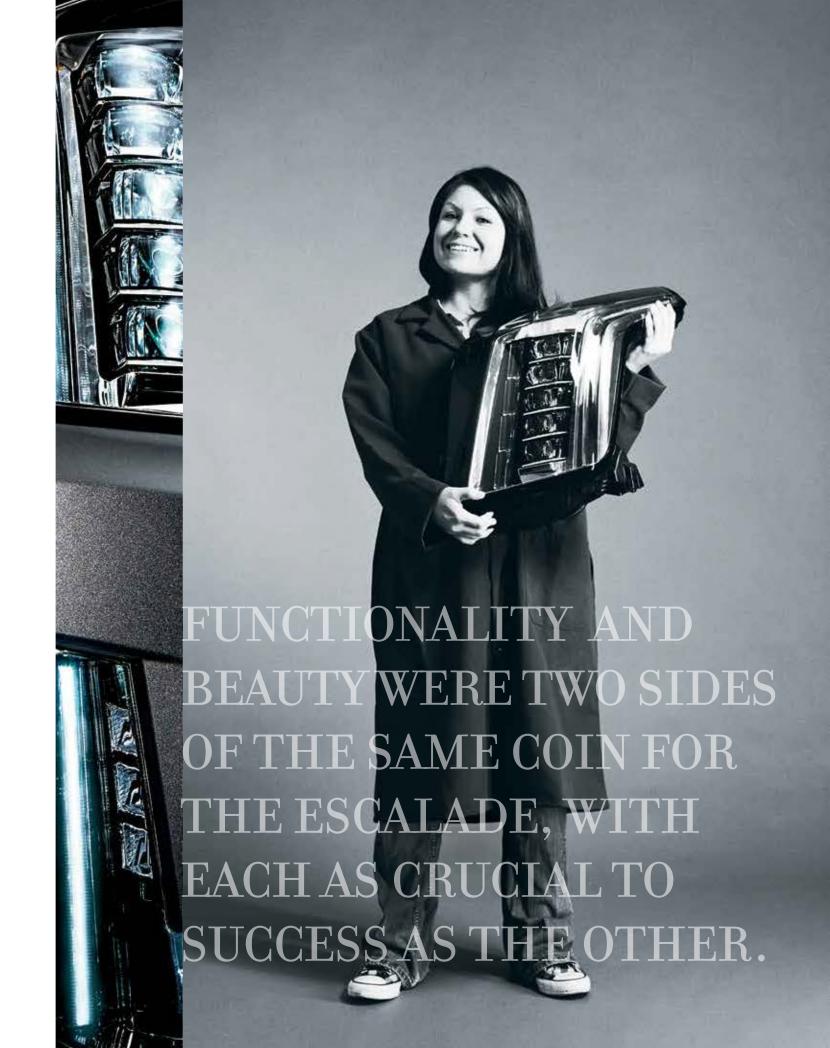

UNCOVERING OUR LATEST ICON TOOK THE STROKES OF GENIUSES. This is not a computer model. This is not a concept 3-D drawing. This is literally a mobile work of art, sculpted by dedicated hands. Every line, every bevel and every curve has been painstakingly rendered by artisans who live and love their craft.

STYLE AND SUBSTANCE PROUDLY DISPLAYED IN A SINGLE MUSEUM

INTELLIBEAM HEADLAMPS

When oncoming headlamps are sensed or when taillamps are detected in front of you, IntelliBeam headlamps intuitively adjust between low and high beam. It's a perfect example of dim being bright.

ACTIVE AERO GRILLE SHUTTERS

These grille shutters automatically close at highway speeds to maximize aerodynamics and open at lower speeds when additional engine cooling may be required.

POWER-RETRACTABLE ASSIST STEPS

An engraved invitation to enter Escalade. Power-retractable assist steps feature LED lighting that illuminates the surrounding area to ease vehicle entry and help you find solid footing. Available on the Premium Collection.

INVISIBLE REAR WIPER

This is what happens when artists and engineers design an SUV – you get a sleek and clean exterior.

And a simple thing like a rear wiper is not going to get in the way of that. Instead of cutting into the beauty of Escalade, it is brilliantly concealed when not in use, clearing your rear vision while enhancing its bold aesthetics.

HANDS-FREE POWER LIFTGATE WITH PROGRAMMABLE MEMORY HEIGHT

With the keyless access fob in your pocket or purse, this first-in-class feature lets you simply place your foot under the rear bumper for true hands-free access. The memory height function lets you program how high the gate will open, helping you avoid dings in low-ceiling garages.

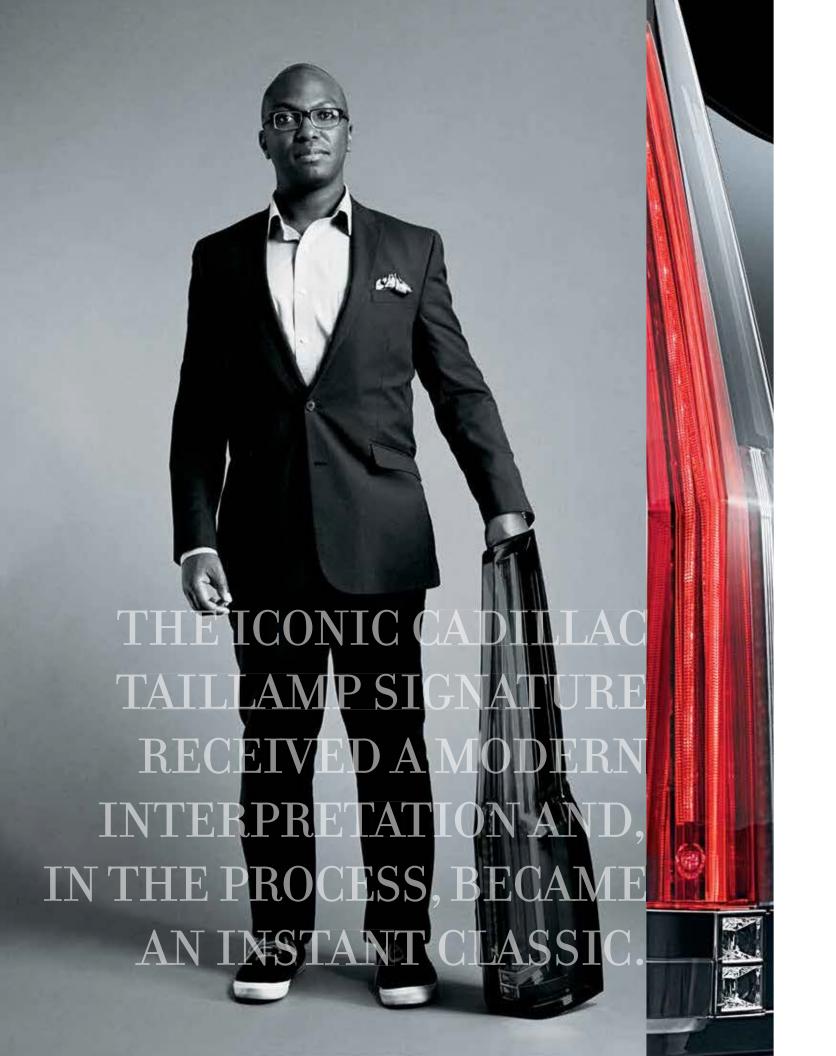

22-INCH WHEELS

22-inch wheels don't just turn heads. They're crafted with a full-forming process to help save weight while creating a strong wheel. And the tires on Escalade have been engineered to balance incredible traction and optimal fuel economy!

Our best shine bright. Full LED taillamps boast
a clean, classic appearance, but that's far
from the end of the story. These long-lasting
lights also use less power and activate 200
milliseconds faster than an incandescent bulb,
which could give the driver behind you extra
time to react when it's most important.

Light-Blade LED Taillamps

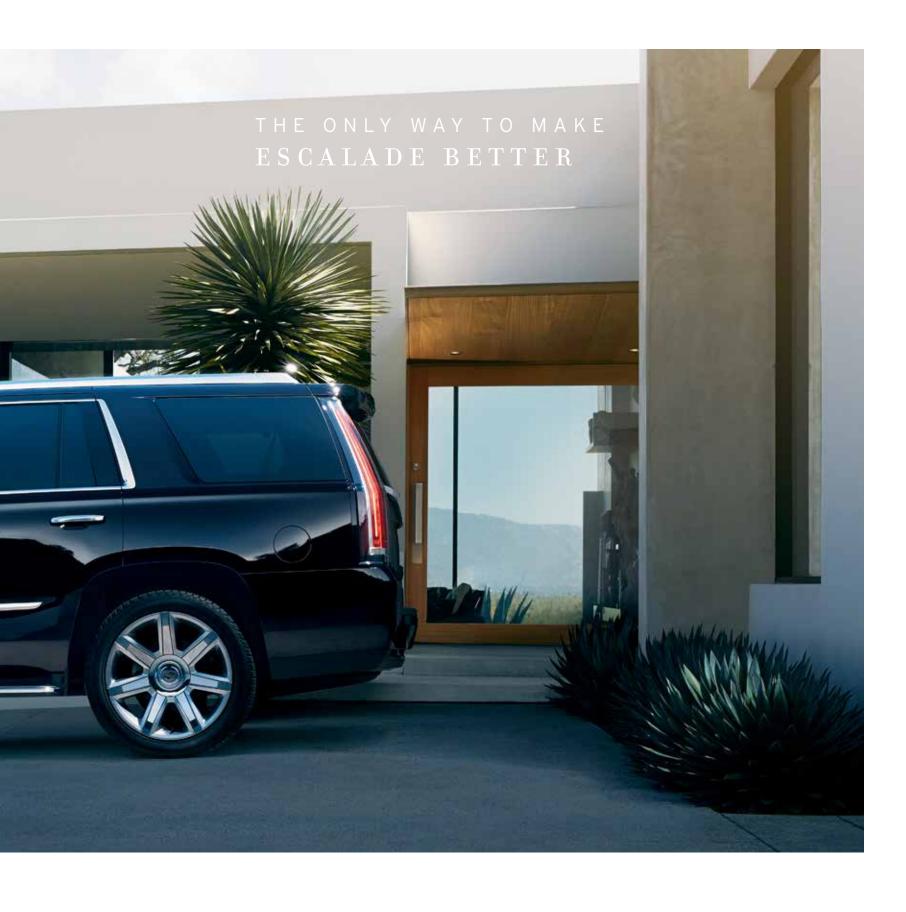

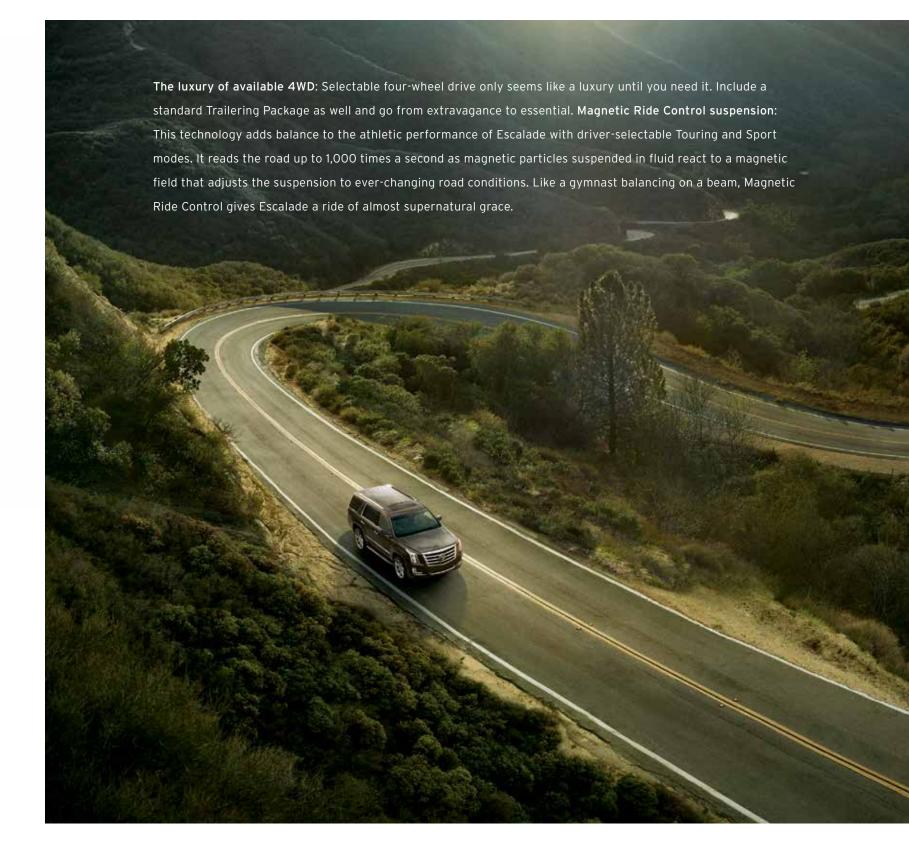

As with every aspect of this icon, the additional 508 mm of **ESCALADE ESV** aren't just for show. The extra room provides generous luxury for up to eight passengers – including 254 more millimeters of third-row legroom. There's nearly 3426 L¹ of cargo capacity with all seats folded – that's 756 L¹ more than the standard wheelbase Escalade – not to mention 1113 L¹ behind the third row. And the ESV was designed with larger rear doors that open wide to allow easy entry or exit, proving we'll go to great lengths to make sure you're fully accommodated.

BETTER DOESN'T ALWAYS MEAN BIGGER

The 6.2L V8 engine is the beast inside the beauty, with both best-in-class standard horse-power and better V8 fuel economy! than any competitor. INCREASED HP AND TORQUE Our engineers took the challenge: leverage advanced technology to get more out of an already legendary powerplant. The end result is 420 hp (net) and 624 Nm of torque – impressive leaps over the previous generation. SPARK IGNITION DIRECT INJECTION injects gasoline directly into the combustion chamber of each cylinder, enabling improvements in horsepower, torque and fuel efficiency! VARIABLE VALVE TIMING controls the valves during intake and exhaust, allowing the engine to operate more efficiently and, at the same time, helps improve low-rpm torque and high-rpm horsepower. Escalade achieves BETTER V8 FUEL ECONOMY THAN ANY OTHER LARGE LUXURY SUV, thanks in part to ACTIVE FUEL MANAGEMENT, which deactivates four cylinders when added power is not needed, such as at cruising speed.

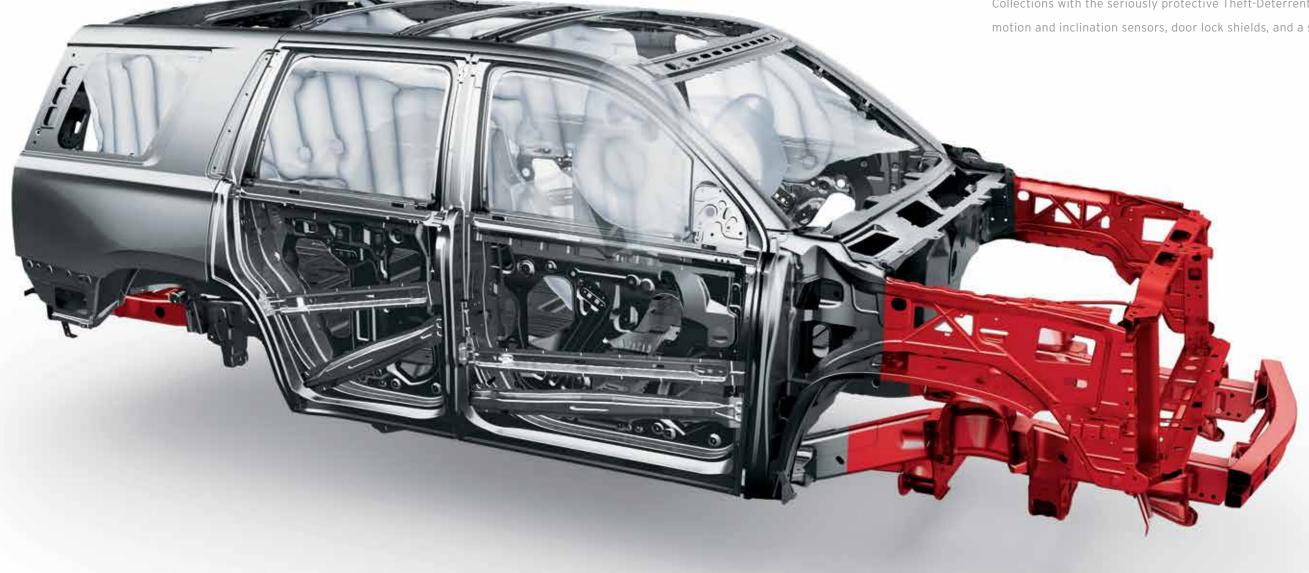

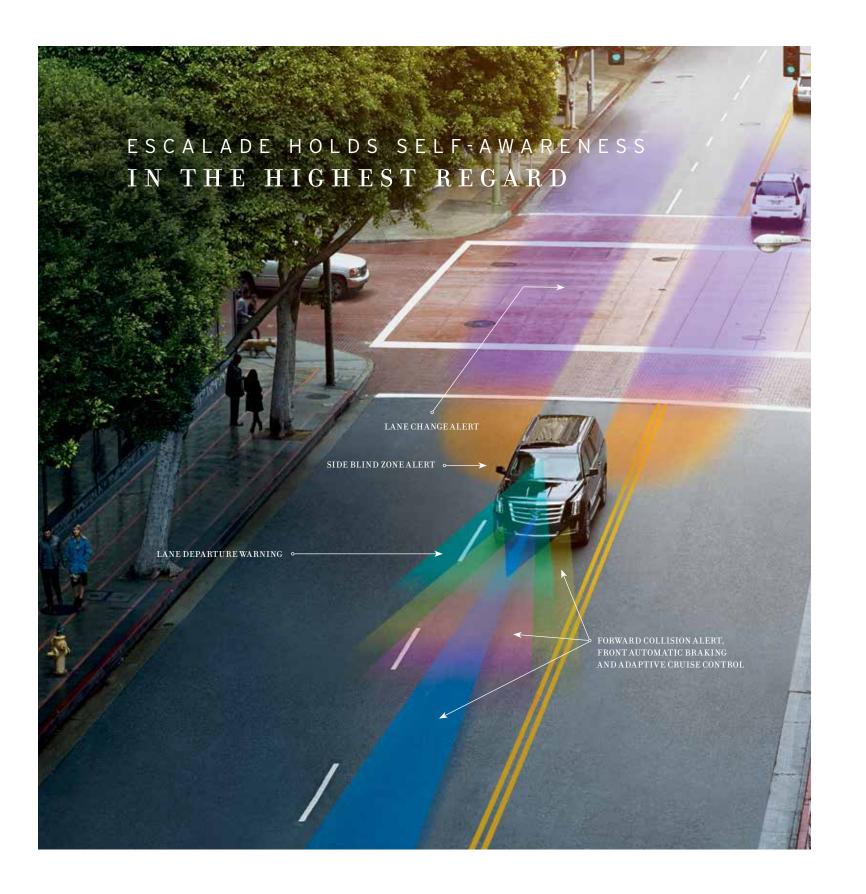

1. Escalade 4WD: EPA-estimated L/100km 17 city/11 highway. Escalade ESV 4WD: EPA-estimated L/100km 17 city/12 highway.

IN THIS CASE, "OVERPROTECTIVE" IS A COMPLIMENT

using ultra-high-strength steel alloys. Safety is further enhanced with crumple zones (shown in red) designed to help protect you and your passengers when the unexpected happens. And since there's safety in numbers, the Escalade is equipped with seven strategically located airbags, including the first-ever luxury SUV Front Center Airbag designed to help reduce the risk of injury to the driver and passenger in a side-impact situation. Vehicle protection is serious business. So we've equipped the Luxury and Premium Collections with the seriously protective Theft-Deterrent Package, including glass breakage, interior motion and inclination sensors, door lock shields, and a self-powered horn.

Safety starts with a strong foundation. And every Escalade has one, including a safety cage constructed

The Premium Collection offers a DRIVER AWARENESS PACKAGE with a class-exclusive SAFETY ALERT SEAT that sends pulses through the seat cushion on the left or right or simultaneously, alerting you to a variety of potential hazards as well as the direction they're coming from; FORWARD COLLISION ALERT that uses a forward-facing front camera to detect and warn you when an impact may be imminent; and LANE DEPARTURE WARNING that monitors road lines and alerts you when the vehicle begins to drift into another lane without the use of a turn signal. A DRIVER ASSIST PACKAGE offered on the Premium Collection features ADAPTIVE CRUISE CONTROL, which uses forwardlooking radar and camera technology to naturally maintain a driver-selected following distance from the vehicle ahead, even in stop-and-go traffic. FRONT AND REAR AUTOMATIC BRAKING detects when a frontal or rear collision is imminent and automatically applies braking to lessen impact severity or perhaps avoid certain low-speed situations altogether. Also included in the Driver Assist Package is AUTOMATIC SAFETY BELT TIGHTENING to help keep your belt precisely where it needs to be. Offered on Premium Collections is REAR CROSS-

TRAFFIC ALERT, which uses sensors to sweep the left and right areas to the sides of your Escalade when you back out of parking spots and alerts you to approaching vehicles; SIDE BLIND ZONE ALERT, which alerts you with a side-mirror warning icon if a vehicle is in your blind spot before you merge or make a lane change; and LANE CHANGE ALERT, which surveys the areas well beyond the side blind zones and flashes the side-mirror warning icon to alert you of rapidly approaching vehicles.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times.

EXTERIOR COLORS

CRYSTAL RED TINTCOAT1

WHITE DIAMOND TRICOAT1

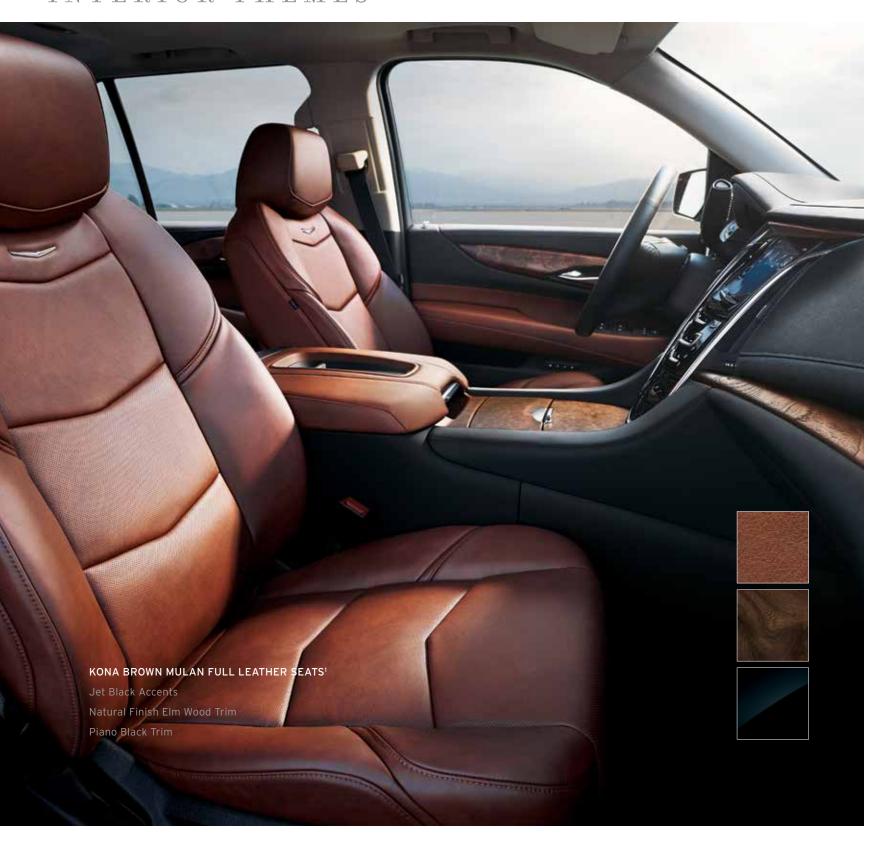

TINTCOAT A premium two-layer paint application with the addition of a tinted clearcoat, lending the finish an extra depth and brightness.

A meticulous three-layer process that results in a dramatic hue-shifting color.

1. Available at extra cost.

^{1.} Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo. 2. Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Cadillac dealer for additional details. 3. Cargo and load capacity limited by weight and distribution.

1. Not compatible with all devices. 2. Go to gmtotalconnect.com to find out which Bluetooth phones are compatible with this vehicle. 3. Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. 4. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. 5. Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. 6. Before making a lane change, always check the Side Blind Zone Alert display and the side and inside rear mirrors, look over your shoulder for vehicles and hazards, and activate the turn signal.

PREMIUM CARE PROGRAM

INTRODUCING THE NEW STANDARD OF LUXURY OWNERSHIP

COMPLIMENTARY SERVICE AND MAINTENANCE FOR 4 YEARS / 100,000 KM

Standard on all Cadillac vehicles, our complimentary service & maintenance is a fully transferrable program covering all requirements as per the scheduled maintenance program, detailed in the owner's guide.

RESALE VALUE GUARANTEE

When you buy a Cadillac, we guarantee the resale value at a competitive market rate.*

REGIONAL ROADSIDE ASSISTANCE FOR 4 YEARS

Our roadside service ensures that, whatever happens, you always get back on your way as quickly as possible. In the event you're outside your country of residence and repairs can't be carried out on location, we'll arrange all accommodation and flights to ensure you reach your destination safely and with the utmost convenience.*

WARRANTY FOR 4 YEARS / 100,000 KM

Your Cadillac warranty ensures that your post-purchase experience is just as pleasurable and worry-free as the Cadillac you buy.

COURTESY TRANSPORTATION

When bringing your Cadillac for warranty repairs you'll be offered a courtesy vehicle for your convenience. We're also pleased to offer you a drive-back when bringing your Cadillac for scheduled maintenance.*

* Terms and conditions apply.

We have tried to make this catalogue comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalogue and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process.

Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times.

Note: Some photographs in this catalogue show vehicles with optional equipment.
