

2020
EXPLORER

XLT | LIMITED

BUILT FOR FAMILY ADVENTURES.

The name says it all: EXPLORER. And it does just that – empowering adventure-seekers and active families to pack up their gear, load up the gang, and head out. When the 4-door Explorer debuted nearly 3 decades ago, these category-defining vehicles created a new way to travel.

In that time, you've shared your experiences with us. And we've taken that input to heart. Your needs, wants and desires helped us craft this latest generation of the SUV that started it all. And as with those that came before it, we poured our passion, expertise and knowledge into building an Explorer that's made for you – and your family. By everyone within ours.

Introducing the all-new 2020 Ford Explorer.

THE NEW LOOK OF CONFIDENCE.

The completely redesigned 2020 Ford Explorer has emerged more confident and handsomely trimmed than ever before to make heads turn wherever you take it. Sleek, sculpted contours and a striking beltline create the appearance of moving even when standing still. Wraparound LED headlamps and a bold front fascia and grille announce its arrival as it approaches. And 20" polished aluminum wheels¹ give Explorer a commanding stance.

Limited. Blue. ¹Available feature.

2020 EXPLORER | XLT | LIMITED

caribe.ford.com | centroamerica.ford.com

Screen display varies by market.

HIGH-PERFORMANCE SOUND

The B&O Sound System¹ delivers crystal clear acoustics for pure listening enjoyment.

DIAL IN SIMPLICITY

A simple turn of the nicely calibrated rotary gear shift dial moves the 10-speed automatic transmission easily from Park to Reverse to Drive.

LEAVE CORDS AT HOME

A wireless charging pad^{1,2} positioned conveniently in front of the center console armrest lets your phone charge cord-free, yet stay within reach.

STAY CHARGED

Up to 8 powerpoints,¹ including 2 new USB-C ports, are located throughout the Explorer interior to help keep everyone's devices charged and ready to go.

Limited. Ebony leather-trimmed seating surfaces. ¹Available feature. ²Available Qi wireless charging may not be compatible with all mobile phones. BANG & OLUFSEN and B&O are registered trademarks of Bang & Olufsen Group. Licensed by Harman Becker Automotive Systems Manufacturing Kft. All rights reserved.

AS SPACIOUS AS IT IS SOPHISTICATED.

The 2020 Explorer offers a more spacious interior with increased cargo space compared to the previous generation. With available leather-trimmed seating for up to 7 passengers across 3 rows, and generous amounts of hip and leg room, all occupants will ride in comfort. Plus, driver and front-passenger heated and ventilated seats¹ up the essence of sophistication. And thanks to a new dual-wall dashboard between the engine and passenger compartments, as well as acoustic glass for the windshield and 1st-row windows, everyone will enjoy the quietest Explorer cabin ever.

Limited. Sandstone leather-trimmed seating surfaces. ¹Available feature.

TURBOCHARGED EGO BOOST.

[2.3L ECOBOOST® I-4]

ALL-AROUND PERFORMER.

The versatility of Explorer is matched by the 2.3L EcoBoost. Its 16-valve DOHC design features a twin-scroll turbocharger, cast-aluminum pistons, and an overboost function that lifts output on every gear change. Plus, it has more horsepower than the previous generation.

The 10-speed automatic transmission delivers smooth responsiveness and confident performance on every drive.

Standard on XLT and Limited.

INTELLIGENT
4WD

EVERYWHERE IS AN ADVENTURE.

Explorer was designed as the ultimate getaway vehicle – as in, get far away from the everyday. Dynamic on- and off-road capability with Intelligent 4WD, and exceptional towing capacity open up a world of exciting adventure possibilities.

Limited. Atlas Blue. ¹When properly equipped. ²Horsepower and torque ratings based on premium fuel per SAE J1349® standard. Your results may vary.

MATCH YOUR MODE TO THE ROAD.

Create the ride experience you desire, or the one that conditions demand, with Selectable Drive Modes. Intelligent 4WD with the Terrain Management System™ offers 7 modes you can switch to with the turn of a dial. Choose from Normal, Sport, Eco, Tow/Haul, Slippery, Deep Snow/Sand, and Trail.

Limited. Iconic Silver.

2020 EXPLORER | XLT | LIMITED

caribe.ford.com | centroamerica.ford.com

NORMAL

You'll probably spend the most time here. Ideal for everyday driving on wet or dry paved roads. A balance of excitement and convenience.

SPORT

Increases throttle response, provides quicker shifts for a more aggressive feel, and allows the transmission to hold shifts longer to help Escape accelerate faster when shifting. For more "sporty" on-road driving.

ECO

Exactly as it sounds. Helps deliver maximum fuel efficiency and increased driving range.

SLIPPERY

For better handling on surfaces covered with ice, water, grass or gravel, this mode adjusts the pedal response and traction control.

DEEP SNOW/SAND

Adjusts the transmission shift schedule, pedal response, traction control and driveline configuration for better handling in deep snow or sand.

TOW/HAUL

Moves upshifts to higher engine speeds to reduce the transmission shift frequency when towing. It also provides engine braking in all forward gears to slow the vehicle and assist in control when descending a grade.

**DRIVE
MODE**

TRAIL

Adjusts the transmission shift schedule, pedal progression, traction control and driveline configuration for better handling on muddy, rutted, soft or uneven terrain.

XLT. Atlas Blue.

2020 EXPLORER | XLT | LIMITED

caribe.ford.com | centroamerica.ford.com

Limited. Rapid Red Metallic Tinted Clearcoat. ¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ²Pre-Collision Assist with Automatic Emergency Braking can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. ³Lane-Keeping System does not control steering.

READY WITH AN ASSIST.

From the driveway to the highway, Ford Co-Pilot360™¹ is designed to help you feel confidently in command. Even more inspiring: it comes standard on all 2020 Ford Explorer models.

FORD CO-PILOT360

PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING²

We should all drive defensively. By scanning the road ahead, this feature can alert you to potential collisions with vehicles or pedestrians in your path. If an impact is imminent and you don't take action, brakes can apply automatically. It only activates when needed.

BLIS[®] WITH CROSS-TRAFFIC ALERT

Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by alerting you to vehicles detected in your blind spots. Cross-Traffic Alert helps by detecting and alerting you to traffic behind you as you're slowly backing up.

LANE-KEEPING SYSTEM

It happens. Listening to your favorite podcast, you wander too close to your lane's edge. Our Lane-Keeping System³ can alert you if you drift out of your lane, and can also apply steering wheel torque to help direct you to return to your lane. Stray a few times and a coffee cup icon lets you know it's time to take a break.

AUTO HIGH-BEAM HEADLAMPS

Sound familiar? You turn on high beams entering a dark stretch of road – then forget to turn them off as traffic approaches. Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

REAR VIEW CAMERA

Backing up requires a little multitasking. Our Rear View Camera helps by providing a great view of what's behind your vehicle. It also helps when you're lining up a trailer. A washer helps keep the camera free of debris (like dirt or snow), helping you navigate Reverse clearly and with more confidence.

Standard on every 2020 Ford Explorer

FORD CO-PILOT360 ASSIST+

INTELLIGENT ADAPTIVE CRUISE CONTROL

This next-level cruise control system helps you keep pace on your journey and can slow down or stop your vehicle if the traffic ahead has slowed or stopped. When things clear, it can resume your set speed.¹ Lane Centering helps keep Explorer between the lines.

EVASIVE STEERING ASSIST

We've all experienced it. Traffic is rolling along smoothly when suddenly, a vehicle in your path is stopped. To help avoid a potential collision, Evasive Steering Assist can provide extra assist to help you quickly steer around the vehicle.

VOICE-ACTIVATED NAVIGATION²

The Voice-Activated Touchscreen Navigation System delivers turn-by-turn directions and vivid 3-D maps on the SYNC[®] 3 touchscreen. Pinch-to-zoom capability allows for a closer look.

Standard on Limited

ADDITIONAL TECHNOLOGY

360-DEGREE CAMERA

True to its name, the 360-Degree Camera with Split-View Display lets you see around Explorer, from every side. Very helpful while centering in a parking spot or while navigating a tight section of trail.

Standard on Limited

¹If stop is longer than 3 seconds, driver must intervene and press "RES" button or accelerator pedal to resume system operation. ²Availability varies by market.

STAY CONNECTED.

This vibrant 8" touchscreen is the command center of SYNC® 3 voice-activated technology,^{1,2} which integrates your paired mobile phone with Ford Explorer. Make calls. Send and receive text messages. And so much more. Just swipe left or right, or use simple voice commands, to help ensure that your life doesn't miss a beat.

Works with
Apple CarPlay

androidauto

SPEAK AND SYNC LISTENS

With your voice and your choice of display, SYNC 3 voice-activated technology^{1,2} connects your tech with your Explorer, and puts you smartly in control with simple voice commands, or a quick tap or swipe of its standard 8" touchscreen. SYNC 3 AppLink^{3,4} gives you voice control of compatible mobile apps, too. Rather see your phone's familiar interface⁴ on the big screen? Take your pick.

¹Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Functionality varies by market. ²Availability varies by market. ³Certain restrictions, 3rd-party terms and data rates may apply. See your Ford Dealer for details. Commands may vary by phone and AppLink software. ⁴Requires phone with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality.

EASY TO ACCESS AND CLOSE.

Even a little bit of convenience can make a big impact on your life. Like the power liftgate, standard on Explorer XLT, that allows you to open or close the liftgate with the simple press of a button. Or the ultimate in ease, the hands-free, foot-activated liftgate, standard on Limited. It only takes a gentle kicking motion under the rear bumper to open – or close it. Perfect for when your arms are full. You can even adjust how high the liftgate opens.

STEP UP EASILY

Convenient step pads near the base of the 2nd-row outboard seats make it easier to load additional cargo up top.

LOAD IT CONVENIENTLY

A simple kick of your foot beneath the Explorer rear bumper opens or closes the hands-free, foot-activated liftgate.¹

XLT. Iconic Silver. ¹Available feature.
