A blue SUV is parked on a paved surface in front of a building with a red metal frame. The car is shown from the rear three-quarter view, highlighting its sleek design and black wheels. The background includes some greenery and a clear sky.

Full Hybrid

Model shown is the Honda ZR-V 2.0 i-MMD Hybrid Sport in Still Night Pearl.
For more information on which grades this and other features are available on, please refer to the specification pages 56-61.

ZR-V e:HEV Full Hybrid

The ZR-V uses a combination of electric motors and a petrol engine to create copious, electric power that drives you along for mile after enjoyable mile, while a regenerative braking system returns waste energy to top-up the EV battery. Simple and yet clever, the ZR-V is dependable, dynamic electrification.

The beating heart of the ZR-V is the advanced e:HEV powertrain with its performance, economy and three autonomous drive modes: Electric drive provides silent, instant power; Hybrid drive gives you sporty responsiveness and long-range potential, while Engine drive engages during sustained higher-speed cruising.

5.7L/100KM
COMBINED FUEL ECONOMY*

5-YEAR/100,000KM
POWERTRAIN WARRANTY

A photograph of a winding road through a hilly, arid landscape. The road is light-colored and curves through the middle ground. The hills are covered in sparse, dry vegetation. In the background, there are more hills and a cloudy sky. The foreground shows a steep, grassy slope with some cacti.

Performa

nice

Model shown is the Honda ZR-V 2.0 i-MMD Hybrid Advance in Diamond Dust Pearl.
For more information on which grades this and other features are available on, please refer to the specification pages 56-61.

Full power, total control

Engineered with a sporty chassis, the ZR-V displays agile handling and a composed ride. Couple this dynamic stamina with the advanced e:HEV powertrain and you will have a rewarding and energetic drive. If numbers are your thing, we think maximum torque of 315Nm and maximum power of 184PS* will impress and, more tangibly, mean you get all the performance you need, whenever you need it.

Adding further to your driving pleasure are **selectable drive modes**. The default is the Normal mode, giving you all-round high performance. If the mood takes you, you can increase the dynamism with Sport mode or increase efficiency with Econ mode. There is also a Snow mode, which changes the ZR-V's set-up to provide the optimum drive in wintry conditions.

Enhanced driving experience

The ZR-V provides a complete driving experience thanks to its ergonomic design. Features such as body-stabilising front seats, intuitive driving controls and a clear view of the road are examples of what we mean by this. Put simply, everything is intended to make **you feel at one with the car.**

Naturally, driver comfort and innate quality are paramount in a vehicle of this class. The way things look, sound, feel and function should reassure and delight. Special attention has been paid to the car's construction so that any vibration is comprehensively absorbed, contributing to your well-being and letting you focus clearly on the drive. Inside the ZR-V is a fabulous place to be.

AGILE, DYNAMIC PERFORMANCE
A DRIVER'S CAR

A REFINED CABIN SPACE
FOR ULTIMATE COMFORT

A photograph of the interior of a Honda car, focusing on the steering wheel and dashboard. The steering wheel is black with a silver Honda logo in the center and features various control buttons. The dashboard displays a digital instrument cluster with a speedometer and tachometer. To the right of the steering wheel is a large touchscreen display showing a smartphone-style interface with icons for Phone, Music, Maps, Messages, Podcasts, and Audiobooks. The car's interior is finished with black leather and silver accents. The background shows a wooden slat wall.

Interior

Model shown is the Honda ZR-V 2.0 i-MMD Hybrid Advance in Diamond Dust Pearl.
For more information on which grades this and other features are available on, please refer to the specification pages 56-61.

Comfort for everyone

Premium materials surround you in the ZR-V. Noiseless design is the name we give the appearance of its sweeping, cohesive fascia. Detailed accents on the interior, **multiple recharging ports** and personal storage throughout the cabin make the ZR-V a pleasing experience for all.

With calm, ambient lighting and a sliding panoramic glass roof on the Advance grade, we've designed the ZR-V's cabin around modern life. Heated front and rear seats are swathed in leather upholstery* to ensure maximum comfort and a luxurious, sporty feel.

Space for every lifestyle

When you live life to the full, you need space. Lots of it, for people and possessions. So, we've designed the ZR-V to offer the flexibility and practicality that your lifestyle demands. Its vast boot can accommodate almost anything with its **generous 1,322 litre capacity***. What is more, it is easy to access thanks to the hands-free power tailgate and the rear seat split-folds, making loading a cinch. All-in-all, the ZR-V is the perfect travelling companion.

Sporty good looks

The all-new ZR-V has been designed to appeal to the senses, with a bold and athletic form made real by its sculpted curves. Its inner strength and quality are elevated to give a powerful road presence, with wide wheel arches accentuating the sporty stance.

An aerodynamic rear spoiler and twin exhausts add a touch of kinetic style, while the fluent and sleek finish is complemented by a choice of **five exciting paint colours with metallic and pearlescent finishes.**

**5 COLOUR
OPTIONS**

**REAR ROOF
SPOILER**

Attention to detail

Function and purpose underpin the ZR-V's sporty style, with unique designs of 18" alloy wheel, specific to each grade, creating a stand-out identity. Details matter, and extensive use of LEDs allow for the front and rear lights to be fashioned into contemporary forms, to accentuate the car's personality.

By using a **weight-saving aluminium bonnet**, the ZR-V's already eager performance and efficiency are further enhanced, while its low centre of gravity adds to the assured handling and ride. To craft your own look, styling accessories are available as packs or as individual items, making your ZR-V as unique as you are.

The world at your fingertips

An informed driver is a better driver. That's why the ZR-V's crystal-sharp, digital multi-info display really scores, with everything presented logically and clearly in front of the driver. On the Advance grade, there is also a head-up display that communicates essential data even more quickly. More proof of Honda's commitment to enhancing the driving experience.

The latest-generation Honda CONNECT infotainment, with smartphone integration via Apple CarPlay® and Android Auto™, is standard on all models and accessed via a centrally mounted 9" touchscreen. Additionally, it includes satellite navigation and DAB digital radio, bringing you a new world of audio content. Also available is a Honda premium audio system*. This is an audiophile's paradise, with twelve Bose speakers, optimally positioned to deliver full surround sound.

Safety

Model shown is the Honda ZR-V 2.0 i-MMD Hybrid Advance in Diamond Dust Pearl.
For more information on which grades this and other features are available on, please refer to the specification pages 56-61.

Extra smart, extra safe

We are committed to keeping you and your passengers secure, which is why we've packed a great deal of safety technology into the ZR-V. Take something as simple as the windscreen wipers. The washer nozzles are built-in to the wiper arms to ensure the fluid goes where it's really needed, to quickly give you a cleaner view out.

All-round visibility is aided by a rear-view camera, whilst multiple airbags provide comprehensive protection in the event of an accident. We've even included rear seat belt reminders for your back seat passengers to tell them when it's time to buckle up.

Honda SENSING

Honda SENSING is an intelligent suite of advanced safety features that will assist you as you drive.

Collision Mitigation Braking System

If there is the possibility of a collision with a vehicle or a pedestrian, this feature will alert you to the danger as well as reducing your speed to help minimise the severity of any impact.

Lane Departure Warning

If the car moves out of its lane without you activating the indicator, then alerts will flash and sound to help bring your attention to correcting the lane drift.

Road Departure Mitigation

A windscreen-mounted camera detects whether the car is veering off the road and applies subtle steering corrections to keep your vehicle in its lane. In certain conditions, it can also apply braking force.

Lane Keeping Assist System

A feature that helps keep you in the middle of your lane, providing a less stressful driving experience by reducing the need for steering correction movements and driving effort on the motorway.

Adaptive Cruise Control with Low-Speed Following

This function maintains a set cruising speed and following distance relative to the vehicle in front of you. If the detected vehicle comes to a stop, the function will decelerate and stop your vehicle without you having to keep your foot on the brake. Once the car in front starts moving again, simply tap the accelerator to resume the operation.

style

Model shown is the Honda ZR-V 2.0 i-MMD Hybrid Sport in Still Night Pearl.
For more information on which grades this and other features are available on, please refer to the specification pages 56-61.

Dynamic and intelligent

ZR-V: a unique presence on the road, with smooth athletic lines, exceptional comfort and advanced technology, that not only keeps you safe, but also connected to the things you love. A car that looks to the future, you will enjoy driving today.

Your
ZR-V

e:HEV Elegance

The **Elegance** comes fully equipped with a range of advanced features to enhance your driving experience:

- Honda SENSING
- Honda CONNECT with Navigation, 9" Touchscreen, AM/FM/DAB Digital Radio, Apple CarPlay® and Android Auto™
- Heated Front Seats
- Adaptive Cruise Control
- Low-Speed Following
- x8 Speakers
- x2 Front USB Ports
- 18" Alloy Wheels with a Gun Metallic Paint Finish
- Front and Rear Parking Sensors
- Rear-view Camera
- Body Colour Mirrors

e:HEV Sport

As well as many of the features available on the Elegance grade, the **Sport** grade includes:

- Wireless Charging
- Sports Pedals
- x2 Front and x2 Rear USB Ports
- Fabric and Black Leather Upholstery
- 18" Alloy Wheels with a Matt Black Paint Finish
- Power Tailgate with Kick Sensor and Walk-away Close
- Driver Seat Electric Height Adjustment
- Privacy Glass
- High Gloss Black Window Garnish
- Black Mirrors

e:HEV Advance

As well as many of the features available on the Elegance and Sport grades, the **Advance** grade includes:

- Leather Upholstery
- Heated Front and Rear Seats
- Heated Steering Wheel
- Premium Audio with x12 Bose Speakers
- 18" Alloy Wheels with a Gloss Black and Diamond Cut Finish
- Panoramic Glass Roof

Aero Pack

The Aero Pack has been specifically designed to enhance and complement the dynamic look and feel of the ZR-V. **The pack includes** a front aero bumper, a tailgate decoration, side skirts and door mirror covers, all finished in Dusk Grey Metallic complemented by a body-coloured tailgate spoiler.

Model shown is the Honda ZR-V 2.0 i-MMD Hybrid Advance in Diamond Dust Pearl with optional 19" alloy wheels ZR1901. Items in the pack are also available separately.

FRONT AERO BUMPER

Enhance the dynamic styling of your ZR-V with our distinctive front aero bumper.

TAILGATE SPOILER

Our body-coloured tailgate spoiler has been designed to complement the lines of the roof and emphasise the sporty look.

SIDE SKIRTS

Give your ZR-V an exciting and athletic profile with these stylish and sleek side skirts.

DOOR MIRROR COVERS

Add a little individuality with these smart door mirror covers, created to seamlessly fit your ZR-V.

TAILGATE DECORATION

Accentuate the premium look of your car with this attractive tailgate decoration.

Robust Pack

The name speaks for itself – it's the perfect pack for the more adventurous, the ones who prefer to take the scenic route. **The pack includes** a front lower decoration and a tailgate decoration, both finished in Dusk Grey Metallic, together with running boards and mud flaps.

Model shown is the Honda ZR-V 2.0 i-MMD Hybrid Sport in Still Night Pearl with optional 19" alloy wheels ZR1901. Items in the pack are also available separately.

TAILGATE DECORATION

Enhance the smart and sophisticated look of your car with this premium tailgate decoration.

FRONT LOWER DECORATION

Give your ZR-V a more rugged and distinctive look. Perfect for your active lifestyle.

RUNNING BOARDS

Our genuine running boards not only help you and your passengers enter and exit more easily, but they also give your ZR-V a powerful and tough look.

FRONT AND REAR MUD FLAPS

Practical and durable, these subtle mud flaps protect your ZR-V against dirt and stones. The kit includes four pieces, for both the front and rear of the car.
