INFINITI

Inspired Performance

Infiniti QX80

HOW BIG DO YOU DREAM? What is the scale of your desires? Hold none of them back. Embrace luxury grand enough to accommodate all the experiences you seek, and powerful enough to amplify them. The Infiniti QX80 unlimits your potential with capability that few rival, extensive rewards that fill your journey, and presence that none can match. Not larger than life—as large as the life you want.

## THE EPIC

A man in a dark suit and light shirt walks towards the camera at night. He is positioned to the right of the frame. To his left is the front of a dark-colored Infiniti car, with its headlights on, casting a bright glow. The background is dark and out of focus, showing some distant lights. The overall mood is mysterious and sophisticated.

## THE DEPARTURE

WHEN YOU ARE IN COMMAND, your horizons expand. Discover a new sense of control to seize the moment, pursue the gratifying and see the possible.

AROUND VIEW® MONITOR gives you a virtual 360° view of your environment while parking. You see your surroundings as though from above for an extraordinary level of awareness.

AUTO-DIMMING MIRROR makes driving after dark more comfortable and more confident by reducing glare from the headlights of vehicles behind you. Throughout the day and deep into the night, your comfort is catered to.

Adaptive front lighting system turns your headlights to shed light on where you're steering, helping heighten visibility as you manoeuvre. The LED headlights of the Infiniti QX80 do more than impress—they respond to your needs.

INTELLIGENT CRUISE CONTROL AND DISTANCE CONTROL ASSIST transform traffic by automatically adjusting to the speed of cars ahead on the highway, and helping maintain your desired distance in tight traffic. Less effort is asked of you. Less stress is put upon you.

There is luxury executed, and then there is emotion orchestrated. Luxury that, like a brilliant piece of music, has rise and fall, curating what you feel while at times surprising your senses. The interior of the Infiniti QX80 immerses you in relaxation, yet brims with innovation and delight. Creating comfort of not just body, but of mind.

**INFINITI HARD DRIVE NAVIGATION SYSTEM**  
offers a more intuitive 3-dimensional view and interface for increased ease and confidence, helping you expertly find your location and your destination, even in crowded city settings.

## THE EXHALE

LANE DEPARTURE PREVENTION watches road markings with a camera and can subtly apply brakes to help keep you from unintentionally drifting from your lane. When you're out on the road, surround yourself with confidence.

ZERO-LIFT AERODYNAMICS help dispel the unsettling effects of wind turbulence, and help enhance the feeling of stability and confident handling as speeds increase. Airflow is precisely managed to help ensure your Infiniti QX80 is balanced and intimately connected to the road when you're in motion.

THIS IS YOUR SPACE. Space that rejuvenates. That isolates you from burdens. That engages you with the experiences you desire. A space that is meant to be used. For all its organic beauty, there is nearly limitless utility in the Infiniti QX80. What you decide to bring along is your business.

## THE UNCOMPROMISED

**POWER FOLDING THIRD-ROW SEATING** simplifies the most active lifestyles. Each side of the split-folding seats lies virtually flat with just the push of a button, revealing an even more extensive, easily loaded cargo area.

**POWER REAR LIFTGATE** is where space meets ease and elegance. It opens and closes automatically with the push of a button from a variety of locations—the liftgate handle or the dash. Access should not demand effort.

Subtlety will only ever get you so far. There are many rewards for knowing precisely what you want and having the power to attain it.

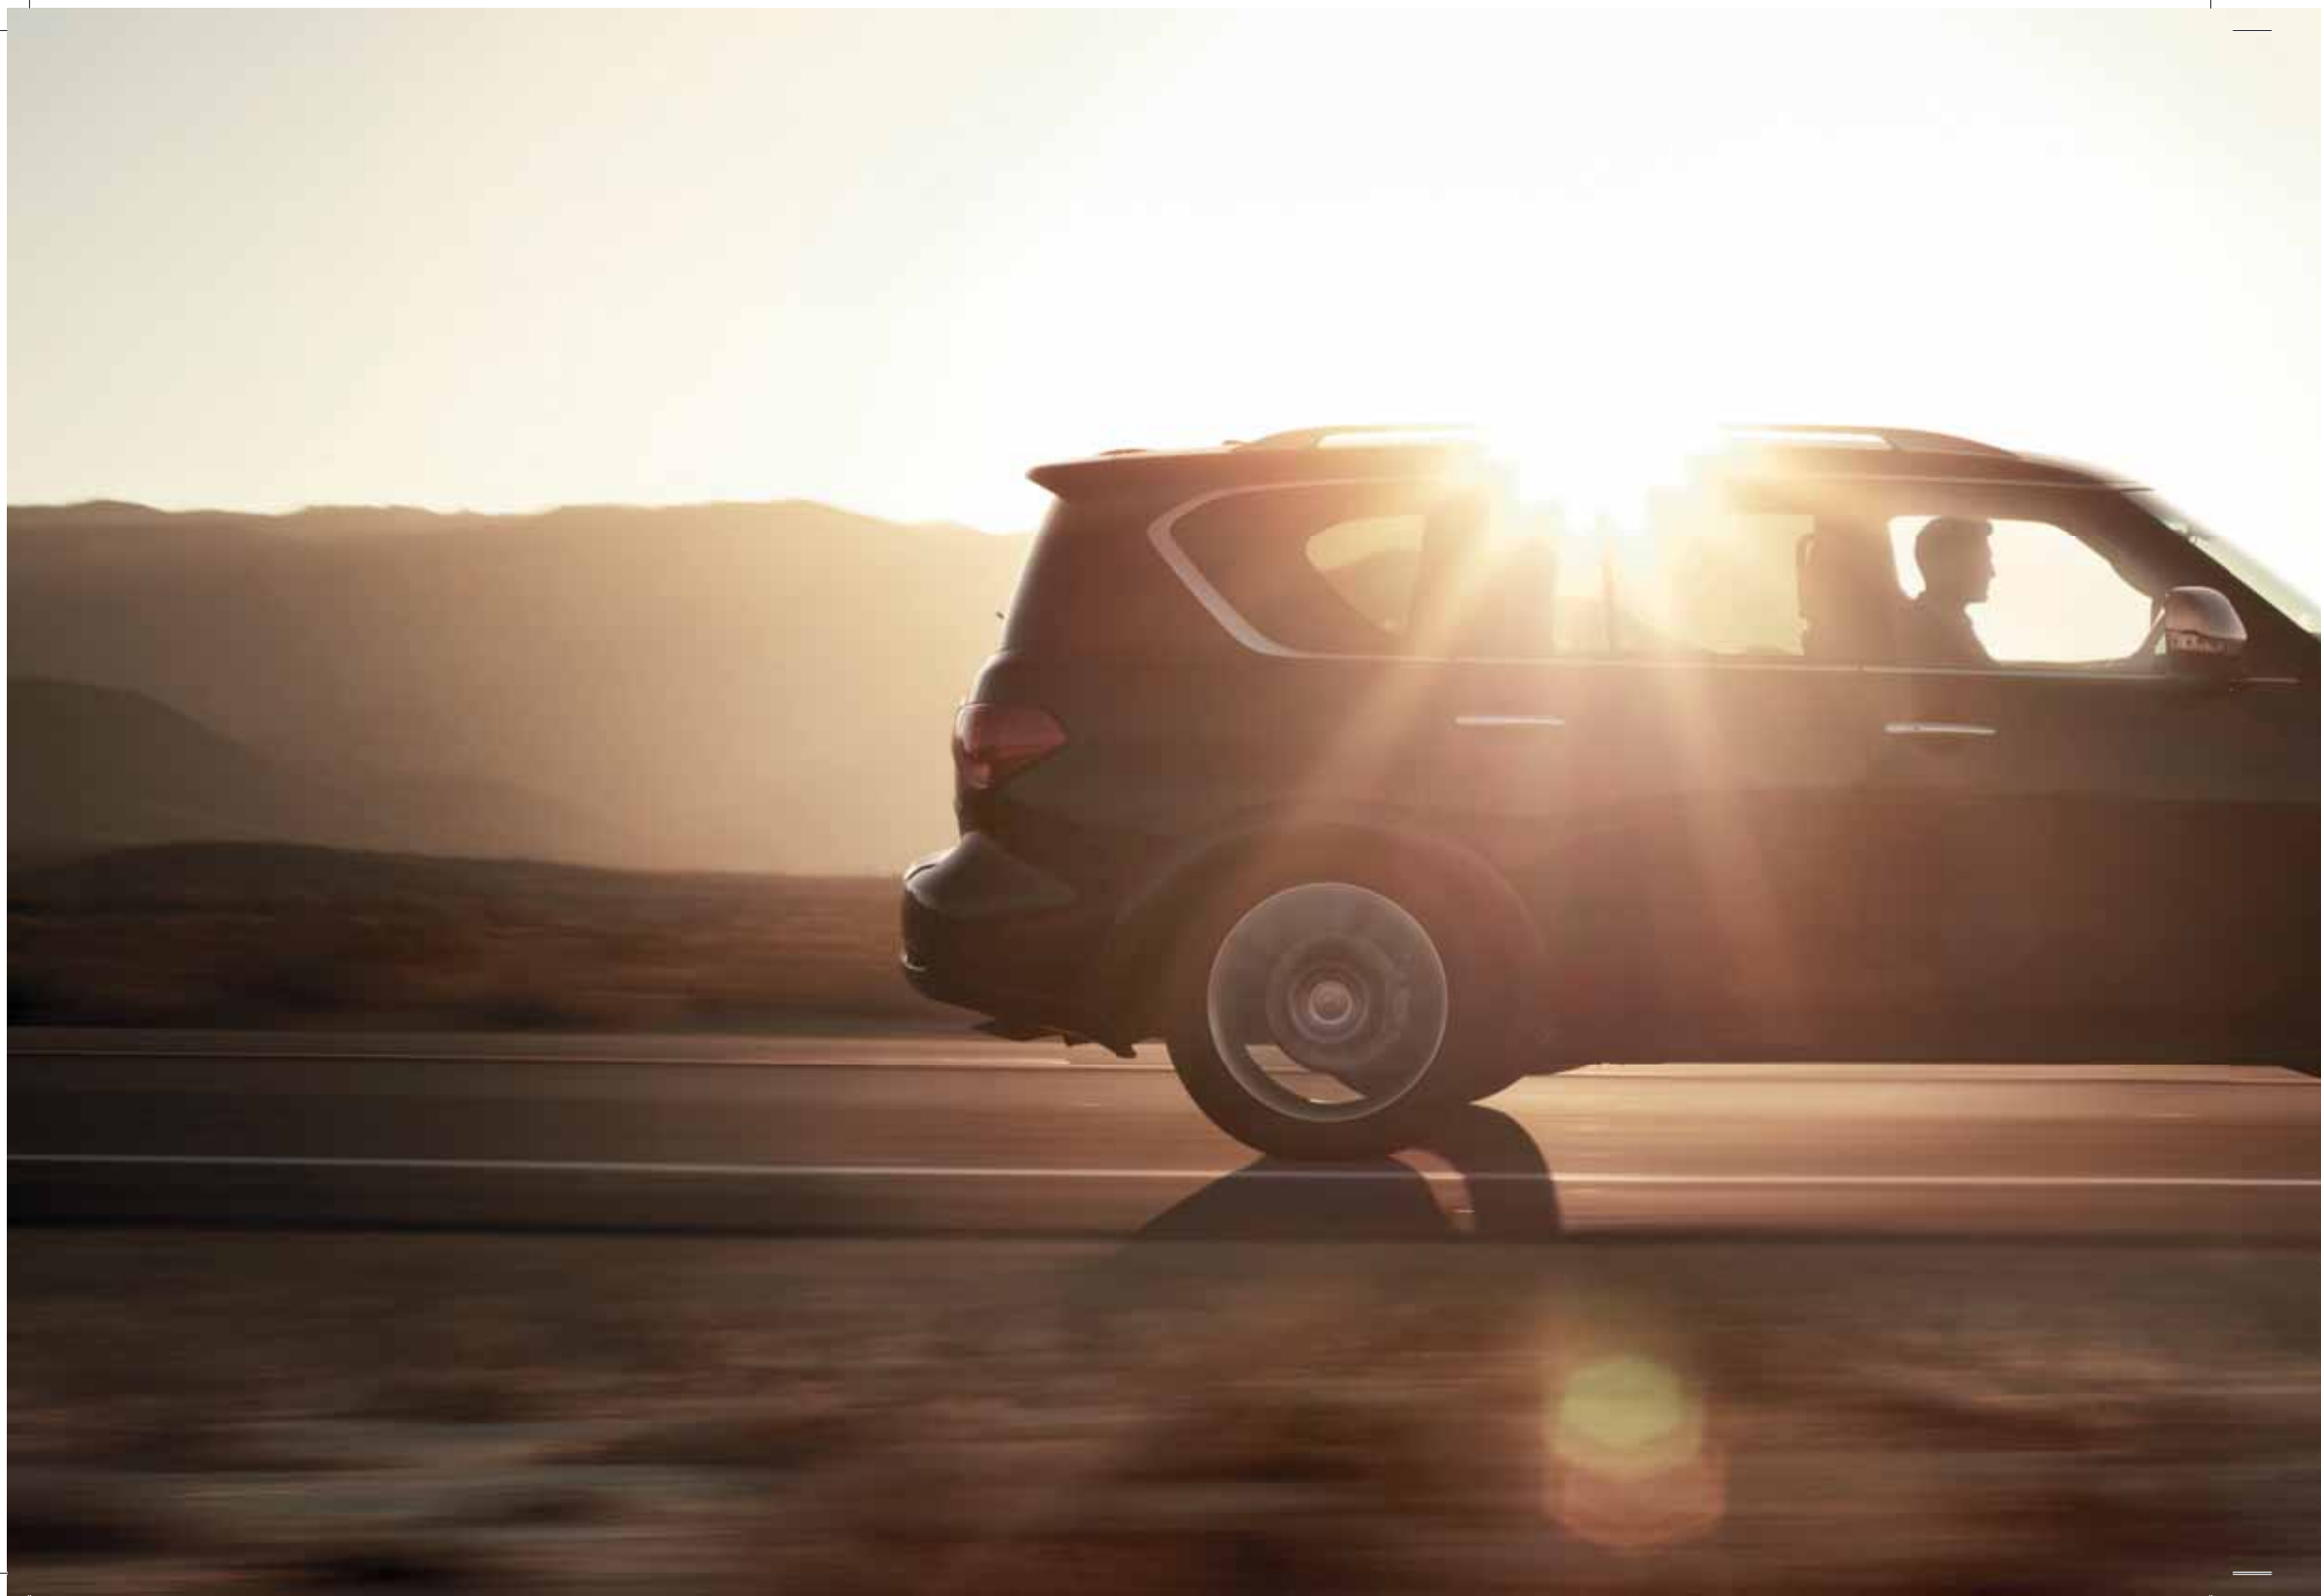

5.6-LITRE V8 inspires a voracious appetite for excitement and adventure by generating a formidable 298kW<sup>\*</sup> of power and 560Nm<sup>\*</sup> of torque. Its sheer force is enhanced with technology—such as VVEL<sup>®</sup> valve control—that heightens efficiency and your sense of satisfaction.

ALL-MODE AWD automatically adjusts to help maintain grip and conquer the challenging conditions and rugged terrain you may face, or allows you to lock in the power distribution that fits your purpose. Seek adventure, find opportunity.

<sup>\*</sup>Power output obtained using 98 RON.

#### ADVANCED CLIMATE CONTROL SYSTEM

features the innovative Plasmacluster® air purifier, which actively produces positive and negative ions that help prevent odours from sticking to interior materials and even helps suppress mould and viruses, for rejuvenation in every breath.

Heated and ventilated seats surround you in greater comfort by pushing cool or warm air through the front seats to help keep you entirely in your preferred temperature zone. Arrive at your destination refreshed and relaxed.

HYDRAULIC BODY MOTION CONTROL continually caters to your sense of comfort and control. It adjusts the suspension to reduce body lean and smooth out every drive, on or off the road. The size of your vehicle doesn't have to diminish your enjoyment of every road and curve you come across.

**BOSE® CABIN SURROUND** envelops you, creating depth and ambiance for a wider, more immersive sound. This unique system delivers music's power from the front, with sound washing through the cabin to the back, as in a live performance.

**DRIVER'S AUDIO STAGE** answers your demand for the ultimate audio experience, by shaping the sound emerging from the audio system so that it focuses on the driver. It's dynamic sound imaging at its most immersive.

Hear things you've never heard before. Hear the impulses that play at the edge of your mind. Hear opportunity coming. Allow yourself to think clearly, and know you've discovered a space that puts your satisfaction above all else. A space with the engineering and technology to surround you with all that you love, and to bring it to life.

THE ESCAPE

## OBJECT OF ATTRACTION

QX80 shown in Dark Currant.  
Dark Currant not available in Australia.

## AMBIANCE

A welcoming and evocative space is measured by its ability to stir your emotions.

**MATCHLESS MATERIALS** Glide your hand across the armrest, and your fingertips seem to recognize the instinctively rewarding feel. This is purely intentional. We took one-and-a-half years, surveying 360 people all over the world to quantify the most pleasing tactile feel, then created the perfect materials to match it. With tension and texture that match the depth and spacing of the ridges in your fingerprint, it imbues the surfaces you'll engage most with the perfect touch.

**REWARDING ROOMINESS** Space envelops you when you step into an Infiniti QX80, but what you experience is more than sheer volume. Designed to feel open and airy, headroom abounds in every seat. A tall greenhouse and large sunroof allow light to flow in and fill the cabin. The design of the dash and centre console open up before you, while putting essential controls within easy reach. You'll feel both in command and at ease.

**EVERY BREATH FRESHER AND CLEANER** Even the invisible is never overlooked. The Advanced Climate Control System features the innovative Plasmacluster® air purifier, which actively produces positive and negative ions that help prevent odours from sticking to interior materials and even helps suppress mould and viruses. It works in concert with the Grape Polyphenol Filter, which helps remove up to 99.5% of allergens from the air coming in from the outside.

### PASSENGER LEGROOM

731mm  
ROW 3

1041mm  
ROW 2

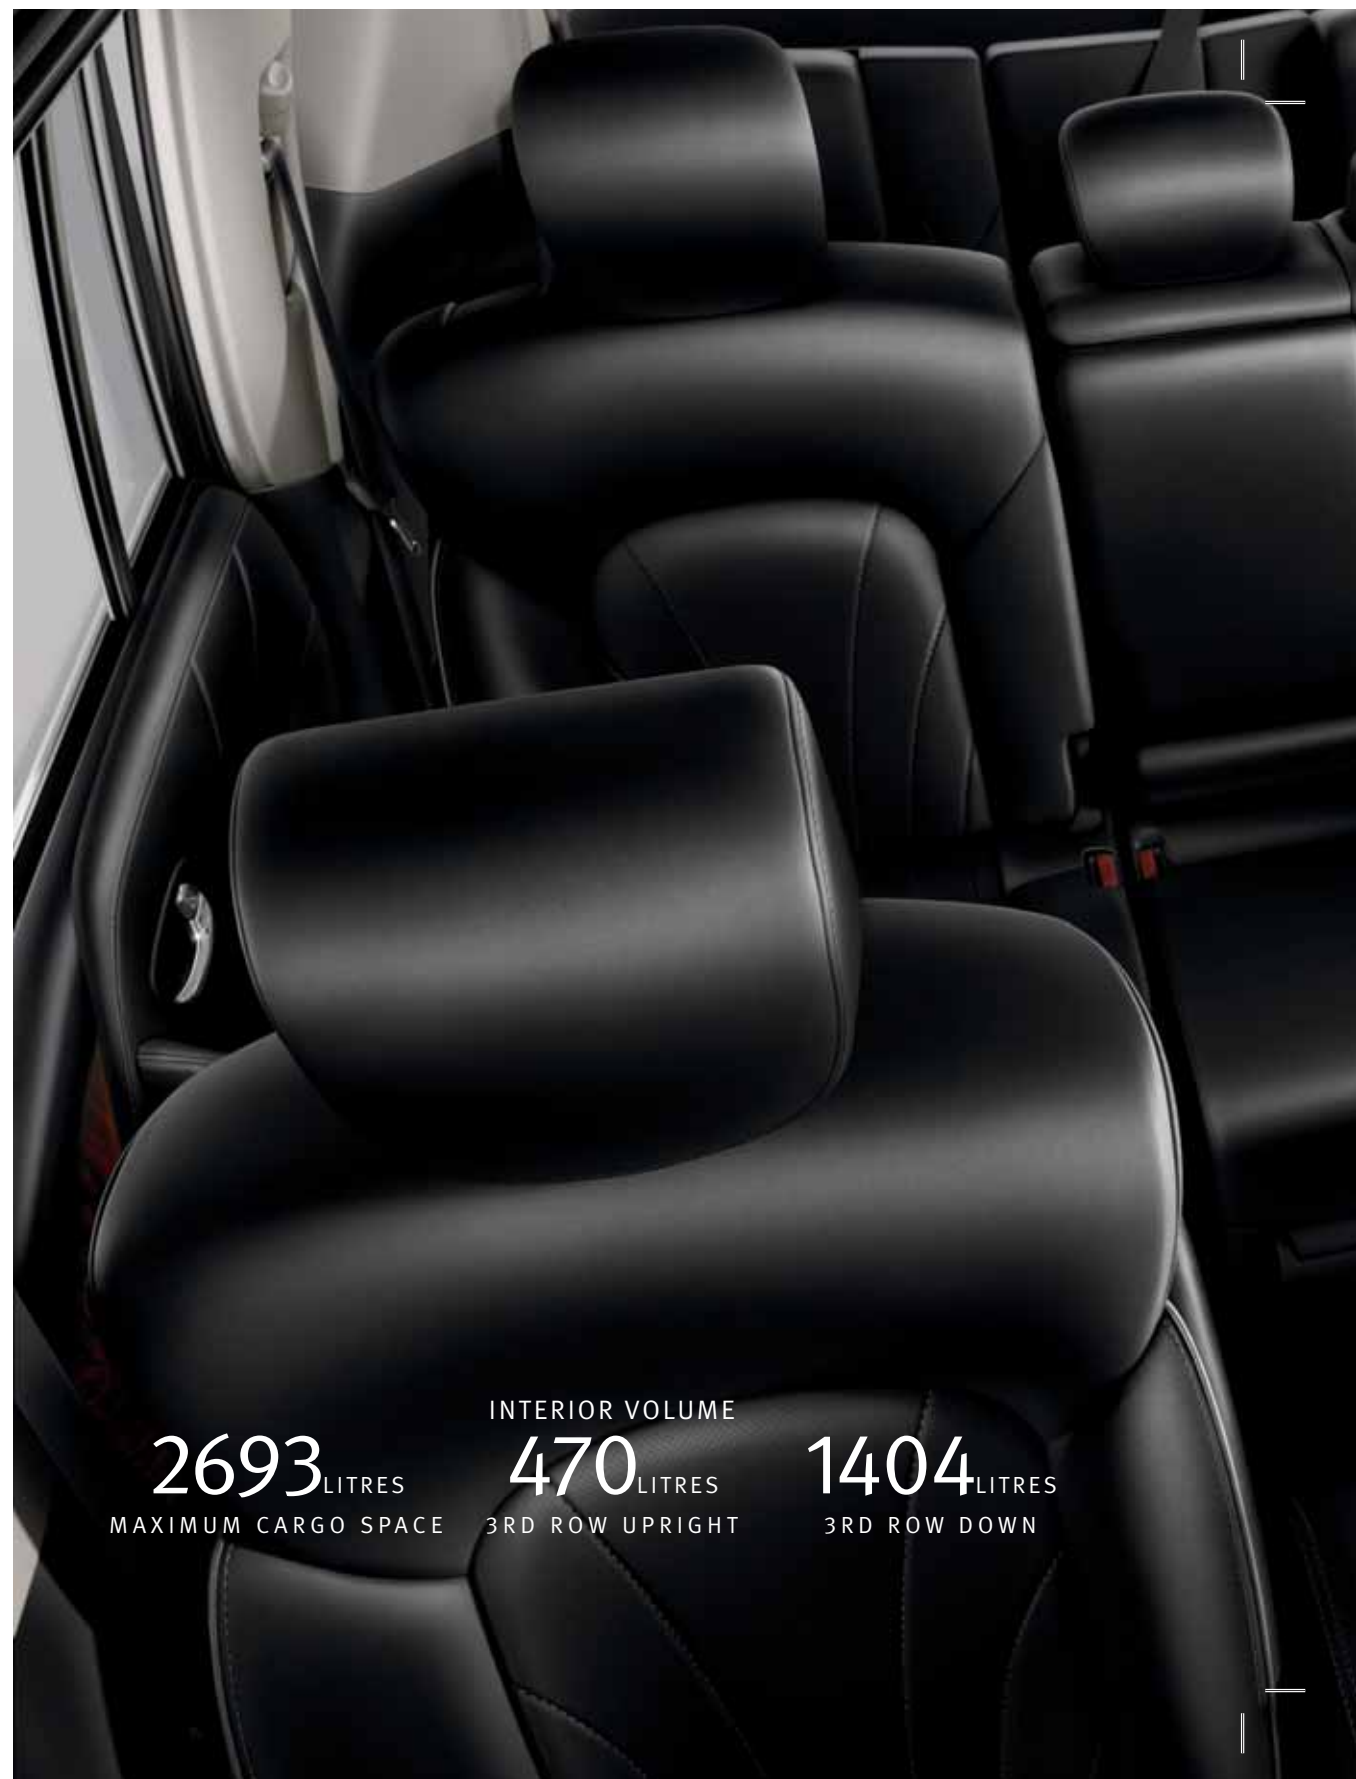

1006mm  
ROW 1

**EXPANSIVE COMFORT** All of your passengers will travel in rejuvenating ease and satisfaction, thanks to the legroom for all that accommodates even taller individuals in each seat.

## ACCOMMODATION

Tailored versus lavish. More than spacious—immersive. An intimate interior, which easily accommodates the most varied of lifestyles, always conforms, and never constrains.

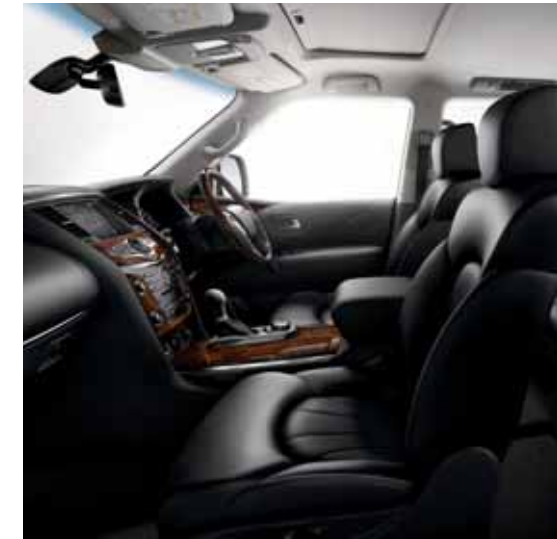

|                        |                       |                        |
|------------------------|-----------------------|------------------------|
|                        | INTERIOR VOLUME       |                        |
| 2693 <sub>LITRES</sub> | 470 <sub>LITRES</sub> | 1404 <sub>LITRES</sub> |
| MAXIMUM CARGO SPACE    | 3RD ROW UPRIGHT       | 3RD ROW DOWN           |

**TOTALLY FLEXIBLE** Living a varied and outgoing lifestyle means carrying a wide variety of cargo items and passengers, often at the same time. The interior seating of the QX80 transforms quickly and easily to accommodate just about anything you need to bring. The third row folds flat with the push of a button and splits 60/40, allowing you to carry large items even with passengers still in the back. The seats in the second row also tip forward, opening up that much more room in the cargo area.

**INVITE EVERYONE** With comfortable seating for up to 8 adult passengers, you'll never have to leave anyone behind. The Infiniti QX80 also makes ingress and egress easy with wide door openings, and a second row that folds with the push of a button. Third-row passengers will be able to enter with ease.

**SPACE THAT EMPOWERS** The QX80 offers a maximum cargo space of 2693 litres. But that space is carefully designed to be eminently useful to you, even in your everyday excursions. There are a multitude of storage areas placed conveniently through the cabin. Also, the large rear gate opens to a flat cargo area—even with the third row folded down—that is free from encumbrance and makes loading and unloading simple and easy.

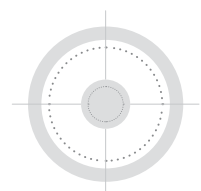

**PREMIUM SECOND ROW** There is no coach class in an Infiniti QX80. The seats in the second row conform to the same exceptional standards as the front seats. Leather-appointed, spacious chairs support passengers in total comfort even on long journeys.

## POWER

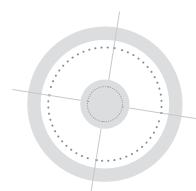

On its surface you'll find spacious luxury. At its foundation—the thrilling dynamics of Infiniti Direct Response engineering.

QX80 shown in Dark Currant.  
Dark Currant not available in Australia.

WITH  
HYDRAULIC  
BODY MOTION  
CONTROL

WITHOUT  
HYDRAULIC  
BODY MOTION  
CONTROL

**BETTER CORNERING AND COMFORT** Infiniti engineers complemented the power and size of the Infiniti QX80 with the advanced Hydraulic Body Motion Control system. It monitors forces such as body lean as you corner and vertical motion as you go over bumps and potholes and distributes variable pressure to either the outer or inner suspension to help keep the cabin more level, and isolate it from unsettling motion. The result is tighter handling and a more rewarding ride.

**MAXIMIZING POTENTIAL** Better power and efficiency depends on better breathing, so our exclusive VVEL® (Variable Valve Event and Lift) technology improves performance while delivering enhanced engine efficiency. VVEL® continually adjusts not just when intake valves open, but also how much. It delivers a quicker response and broader torque curve, while improving fuel efficiency and lowering carbon emissions.

**TAKE IT WITH YOU** Along with an impressive 3500kg towing capacity, the QX80 offers you an extra dose of confidence and control with just the push of a button.

**HOLD THE ROAD** As driving conditions change, the All-Mode AWD® system is ready. Set it to AUTO and the system continually adjusts the amount of power distributed between the front and rear wheels for enhanced control. If any wheel should slip, the Traction Control System helps redirect power towards the wheels with traction. The system also has settings for 2WD, 4WD High and 4WD Low for times when you need high traction, like in loose terrain or on steep inclines.

**RISE ABOVE** You have a deep thirst for adventure, and that may take you to some out-of-the-way places. But with 233mm of ground clearance, the QX80 gives you the confidence to tackle rough roads, ruts, potholes and other obstacles that stand in your way. What's more, the commanding view of the road it offers will make you feel that much more in control.

**POWERFUL PLAYER** The most formidable engine Infiniti has ever built, the QX80's heavy-duty, reinforced 5.6-litre V8 delivers. It produces a stirring 298kW\*—you'll take on virtually every driving scenario with smooth confidence. It also boasts 560Nm of torque, a torrent of pulling power that helps it achieve 3500kg towing capacity. Engineering with Variable Valve Event and Lift (VVEL®) technology, it's also tuned to help maximise fuel efficiency.

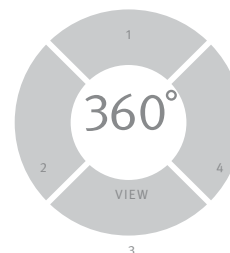

**AERODYNAMIC ADVANTAGE** Despite its epic proportions, the QX80 is built to benefit from the forces of air. The upper and lower body of the QX80 direct the flow of air over, around and under the vehicle to minimize the pressure under the car and the "suction" effect over it, achieving zero-lift at the front and rear. Reducing the effects of wind turbulence at higher speeds leaves you feeling more tightly in control and in touch with the road surface.

\*Power output obtained using 98 RON.

## ASSIST/ENTERTAIN

Infiniti InSuite™ integrates a host of intuitive technologies to simplify tasks and anticipate your needs as they keep you in touch with and in control of your world.

**ALL-AROUND AWARENESS** The Around View® Monitor with Moving Object Detection and Front and Rear Sonar System gives you exceptional awareness of your environment as you park. You'll see a simulated 360° view from above, showing you clearly the objects detected around your car. And the system will even alert you to moving objects detected in your vicinity. It helps put you intuitively in touch with your surroundings, while simultaneously putting you at ease.

**SECURING YOUR SPACE** Distance Control Assist employs a laser to monitor the vehicle in front of you and helps you maintain a safe following distance. As your following distance becomes too short, the system can automatically engage the brakes as you release the gas pedal, and it can warn you if you need to brake. If your foot stays on the gas pedal while closing in on the other vehicle, it can push the pedal upwards to assist you in releasing it.

**PERSONALIZED COMFORT** The dual occupant memory system allows each Infiniti Intelligent Key to store a custom profile for one individual driver. Preferred settings for the seat, steering column, and mirrors are automatically executed, depending on which key you possess.

**EASE IN TRAFFIC** Intelligent Cruise Control (Full-Speed Range) allows you to choose your desired speed and following distance, and automatically slows your vehicle in slowing traffic, going all the way to a complete stop. Then, as traffic flow picks up, it re-accelerates your vehicle to your preset speed. This visionary innovation and the personalized convenience it offers is available with a simple touch of a button.

**A BETTER VIEW OF YOUR WORLD** Infiniti Hard Drive Navigation System with real time traffic updates TMC (Traffic Message Channel) is packed with advanced yet intuitive technology that makes it both more informative and easier to use.

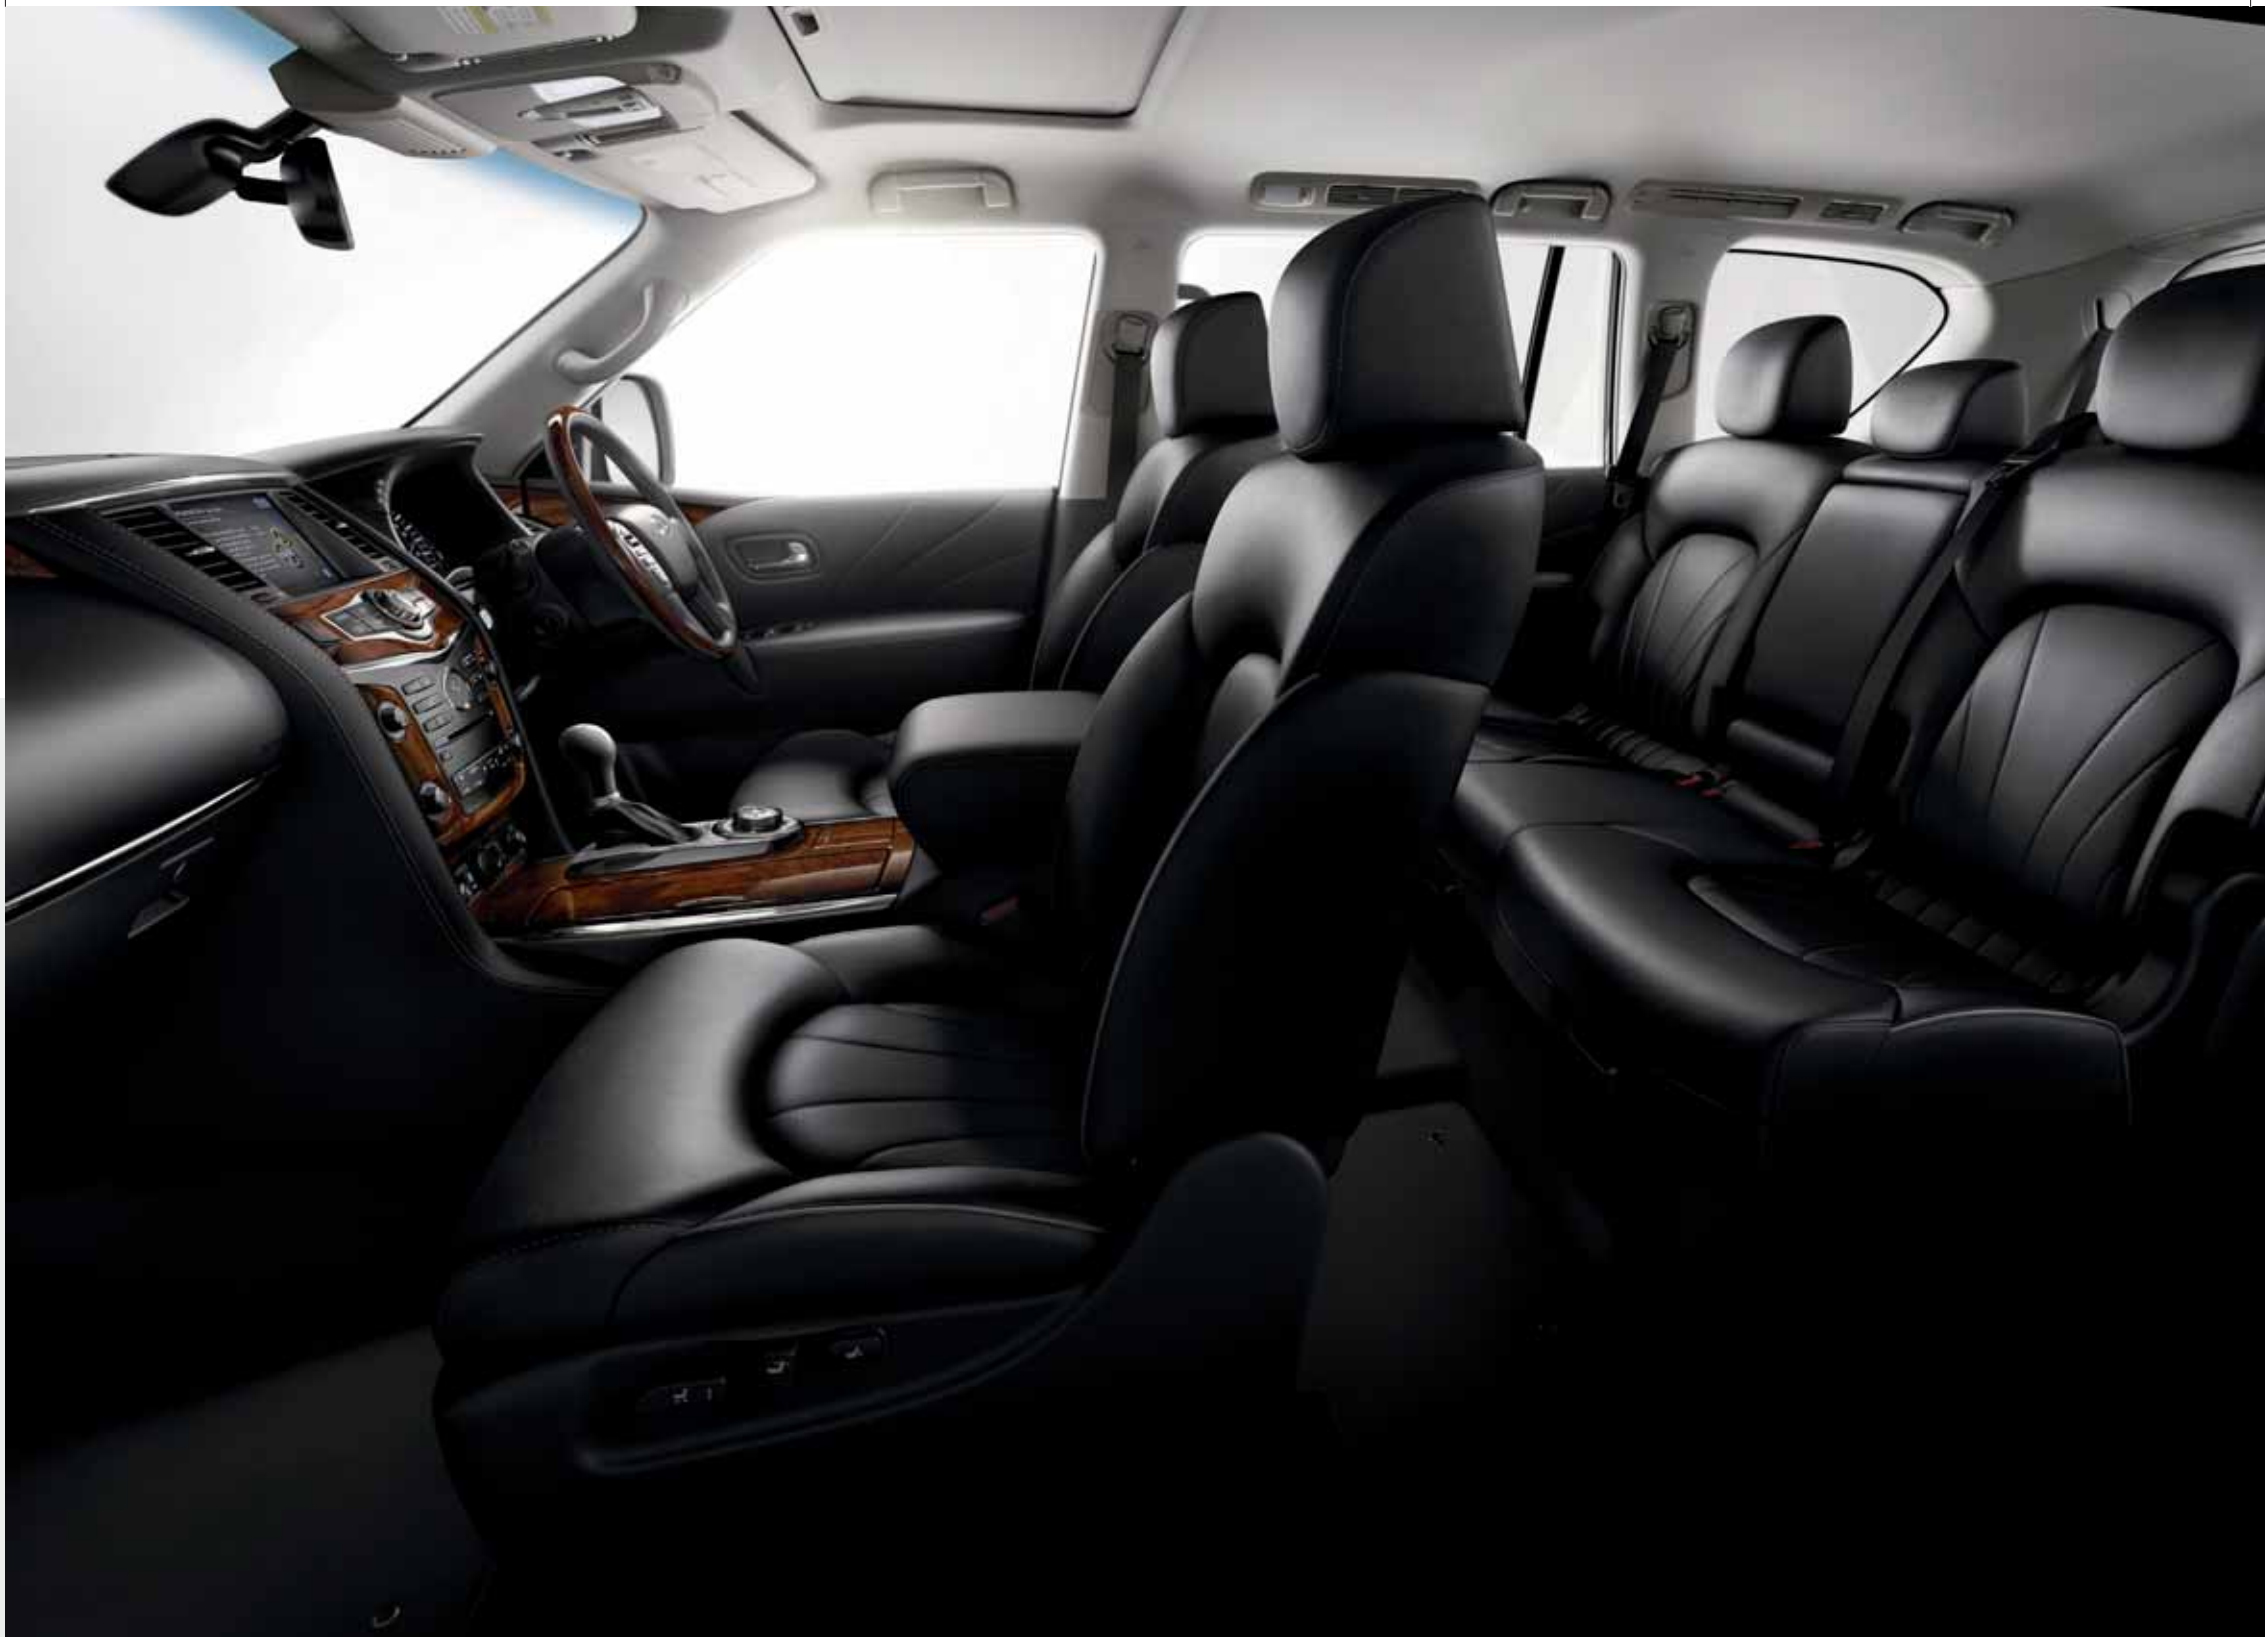

**A SMARTER WAY TO SEE** The Adaptive Front lighting System on the QX80 lights not just the way ahead, but around as well. It directs light toward corners by turning the headlights in coordination with steering input to help the driver see upcoming vehicles and pedestrians, and to help you reach your destination safely.

**AUDITORY INDULGENCE** Bose® Premium Sound system brings 15 individual speakers to bear in its powerful array, which add palpable depth to every form of music. Their positioning and sound delivery are precision-engineered specifically for the interior of the QX80 to filter out noise and distortion, and to surround you with compellingly rich and realistic sound.

## PROTECTION

The Infiniti Safety Shield® concept—our comprehensive approach to safety—layers technologies to help monitor conditions, help you avoid a collision, and help protect you and your passengers if one occurs.

1350 MPa  
ULTRA-HIGH  
TENSILE STEEL

590 MPa  
CONVENTIONAL  
STEEL

**STRONGER AND LIGHTER** Ultra high-strength steel is used in areas critical to preserving your safety in the case of a collision. The unique process used to create this material can give it more than twice the tensile strength of conventional steel. Not only does this ultra-strong material add to the vehicle's resiliency, it allows us to make the vehicle lighter overall.

**MAINTAINING YOUR LANE** The Lane Departure Prevention System uses a camera to watch for departure from the traveling lane when you haven't signalled, and audibly warns you if it's detected. Then, if the drift continues, The system lightly applies selected brakes to help ease your vehicle back into travel lane.

**PREPARED TO PROTECT** Under certain braking conditions or when the Intelligent Brake Assist system is activated without brake pedal input, the Front-seat Pre-Crash Seat Belts automatically tighten the front seat belts—helping restrain you and helping to maximise the effectiveness of the other occupant protection devices such as air bags.

**ENHANCED** Protection in the event of a collision, dual-stage front supplemental air bags of the Infiniti Advanced Air Bag System adjusts inflation rates based on the severity of the crash and seat belt usage. Also featured are front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags with rollover sensor.

**SENSES WHERE YOU CAN'T SEE** The Blind Spot Intervention® System uses sensors to help alert you to a vehicle detected entering the blind spot area in an adjacent lane and helps you avoid it. First, the warning light illuminates. Then, if you begin moving toward the occupied lane, a warning sounds. The system will even apply opposite side brakes to help you guide your vehicle back to the centre of your current driving lane.

**BETTER STABILITY WHILE STOPPING** Electronic Brake force Distribution adjusts the amount of brake force applied to the front and rear wheels for improved braking performance. It not only helps the brakes wear more evenly, it reduces front-end “dive” during heavy braking, helping increase the directional stability of your vehicle. The system also detects vehicle-load conditions, and distributes additional brake pressure to the rear brakes as needed.

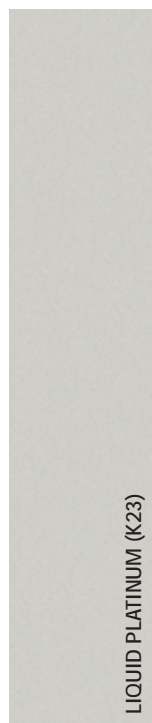

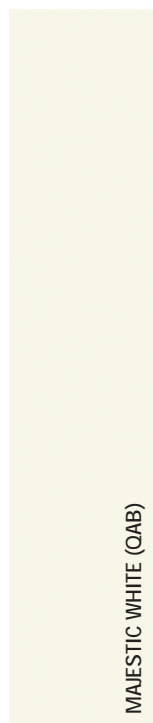

**ALWAYS LOOKING FOR DANGER** Intelligent Brake Assist with Forward Emergency Braking and Predictive Forward Collision Warning uses sensors to continuously monitor and analyse the relative velocity and distance of not only the vehicle directly ahead of you, but of the vehicle in front of that as well. If your closing speed on either exceeds safe limits, you will be alerted and the brakes will be applied if the driver fails to decelerate the vehicle.

**REVERSE WITH GREATER CONFIDENCE** Backup Collision Intervention employs an advanced set of sensors to help detect vehicles approaching from either side as you back up. If a vehicle is detected, the system alerts you—first, a warning light appears, then an audible alarm sounds, followed by gas pedal-force feedback. The system can even intervene by automatically engaging the brakes to help avoid a collision.

## SELECTION

Hues that change in response to light and angle. Matching exterior and interior colours to reflect the distinctive energy and mood of the seasons. These are just two ways Infiniti designs colour to evoke feeling, express character, and shape the emotional essence of a vehicle.

## PARTNERS IN THE INTENSE

The pulse races. Seconds split. Victories are won and lost. In Formula One, technology and human ingenuity are pushed to the limit. Yet, success is ultimately a measure of the passion that goes into every invention and is released every lap. This passion has led Infiniti Red Bull Racing to become, in recent years, the most dominant force on track.

Infiniti is drawn to Formula One racing because it is engineering genius applied purely to creating emotional excitement. A feeling of exhilaration that extends from the track to the fans, to the culture of Formula One, through our partner, Infiniti Red Bull Racing. The heart and determination the team has shown has led them to four Formula One Constructors' World Championships in the last five years.

Our synergistic relationship is one that promises thrilling new performance capabilities for both Formula One and Infiniti vehicles. This exchange of both technology and ideas includes input directly from our Formula One drivers—harnessing their supreme driving senses to ensure every future Infiniti vehicle is as dynamic as possible and ultimately, reinvigorating your drive.

## FEATURES

### Performance

- 5.6-litre, Direct Injection V8
- Hydraulic Body Motion Control System
- Vehicle-speed-sensitive power steering
- Infiniti All-Mode 4WD® with computer-controlled 4x4 transfer case, offers settings in Auto, 4H & 4L

### Safety and Security

- Predictive forward collision warning (PFCW)
- Forward Collision Warning (FCW)
- Front-seat Active Head Restraints (AHR)
- 4-wheel Anti-lock Braking System (ABS)
- Anti-theft system
- Backup Collision Intervention (BCI)
- Blind Spot Warning (BSW), Blind Spot Intervention (BSI)
- Brake Assist (BA)
- Child safety rear door locks
- Distance Control Assist (DCA)
- Driver and front-passenger front seat-mounted side-impact supplemental air bags
- Electronic Brake force Distribution (EBD)
- Infiniti Advanced Air Bag System (AABS)
- Intelligent Brake Assist (IBA)
- Intelligent Cruise Control (ICC)

- Lane Departure Warning (LDW, Lane Departure Prevention (LDP)
- Remote keyless entry system with selective unlocking
- Roof-mounted curtain side-impact supplemental air bags with rollover sensor
- 3-point height-adjustable front seat belts with pretensioners and load limiters, driver's seat Emergency Locking Retractor (ELR) and passenger's seat ELR and Automatic Locking Retractor (ALR)
- Third row 3-Point seat belts
- Tyre Pressure Monitoring System (TPMS) with individual Tyre pressure display and Tyre Inflation Indicator
- Vehicle Dynamic Control (VDC) with Traction Control System (TCS)
- Zone Body construction with reinforced passenger compartment and front and rear crumple zones

### Wheels

- 22 x 8.0-inch, 9-spoke forged aluminium-alloy wheels
- 275/50R22 All-season Tyres
- Full size spare wheel

### Exterior

- LED headlamps with integrated daytime running lamps
- Adaptive front lighting system with automatic on/off high beam assist
- Towbar package
- Auto-dimming, power folding, heated outside mirrors with integrated turn signals, courtesy lights and reverse tilt-down feature
- Body-colour running boards with integrated splash guards
- Integrated front fog lights
- LED rear brake lights and centre high-mounted stoplight
- Power rear liftgate
- Rain-sensing, variable intermittent front wind-shield wipers
- Rear privacy glass
- Rear window intermittent wiper and defroster with timer
- Remote power-opening of windows using Infiniti Intelligent Key
- Roof rails
- Aluminium rear bumper protector

### Technology-on-Board

- 8-inch VGA colour touch-screen display
- Around View® Monitor with Moving Object Detection and Front and Rear Sonar System
- Auxiliary audio/video input jacks
- Bluetooth® Hands-free Phone System
- Dual 7-inch colour monitors for multimedia video playback integrated in front headrests
- Infiniti Controller for navigation, audio, climate-control, fuel economy, maintenance, and comfort and convenience features

### Comfort and Convenience

- 12-volt power outlet in cargo area
- Analogue clock
- Auto-dimming inside mirror
- Cruise control with steering wheel-mounted switches
- Outside temperature display
- Power sliding tinted glass sunroof with one-touch auto-open/close, tilt feature and sliding sunshade
- Power tilt/telescoping steering column
- Remote tip-up second-row seats for easy third-row entry/exit
- Two wireless headphones
- Towbar package (includes towbar tongue and wiring harness)

### Audio

- Auxiliary audio/video input jacks in front centre console
- Bose® 15-speaker Premium Audio system, including 2 subwoofers, AM/FM radio, single in-dash CD/DVD player with MP3 playback capability, Radio Data System (RDS) and speed-sensitive volume control
- Illuminated steering wheel-mounted audio controls
- Streaming audio via Bluetooth® wireless technology
- USB connection port for iPod® interface and other compatible devices

### Seats

- 8 seating capacity (2+3+3)
- 10-way power driver's seat, including 2-way power lumbar support
- 8-way power front-passenger's seat, including 2-way power lumbar support
- Dual occupant memory system for driver's seat, outside mirrors and steering wheel, linked to individual Intelligent Keys
- Entry/exit assist for driver's seat and steering wheel
- Heated & Ventilated front seats
- Heated steering wheel
- Semi-Aniline leather-appointed seating
- Leather-faced, Semi-aniline seat upholstery
- Power 60/40-split fold-flat and reclining third-row seats

### Interior

- 9 cup holders and 4 bottle holders
- Battery saver helps prevent accidental discharging if electrical accessories are left on
- Dual overhead front map lights; rear-seat reading lights
- Fine Vision electroluminescent gauges
- Front and rear carpeted floor mats
- Front centre console with adjustable armrest, storage compartment and 12-volt power outlet
- Front seatback map pockets; front and rear door pockets
- Front sun visors with illuminated vanity mirrors and extensions
- Infiniti Intelligent Key with Illuminated Push Button Ignition
- Lockable glove compartment
- Mild-flow vent located on upper dash
- Overhead sunglasses storage
- Power door locks with automatic locking feature
- Power windows with illuminated switches and one-touch auto-up/down with auto-reverse feature
- Rear-seat heater ducts under front seats
- Retained accessory power for windows and sunroof
- Sequential welcome lighting illuminated entry system and overhead ambient light
- Tri-Zone Automatic Temperature Control system with microfilter

^Power output obtained using 98 RON.

Ultimate luxury is more than perfection. It is the feeling of unrestrained joy that unleashes something special in your heart. We at Infiniti believe there are times when reason should take a backseat and emotion—pure and primal—should be the driver. Tangibles play a part, of course: the sensual, flowing lines; the smell of leather; the visceral roar of the engine. Established in 1989, Infiniti has now grown to include sedans, coupes, convertibles, crossovers and SUVs in its lineup and reaches across 50 countries worldwide.

Infiniti has generated respect as the provocateur brand in the premium category, with a reputation for defying convention and creating irresistible and provocative automobiles, engineered with obsessive attention to detail. Our passion for ultimate precision, exhilarating performance and that exuberant driving experience is also manifested in the partnership that Infiniti established with Red Bull Racing in 2011. All of which contributes to the feeling that to drive an Infiniti is something special.
