GRAB THE WHEEL

Mazda's stunning KODO: Soul of Motion design has been developed to project even greater beauty, sophistication and strength for all-new Mazda CX-5. Our designers combined these qualities to add refined toughness to the bold, premium-looking exterior. They created an elegant form that conveys a sense of agile acceleration and speed. The bold exterior design conveys a stunning sense of mature dignity and elegance whilst the interior ensures comfort for both driver and passenger with toughness that befits an SUV. With a sense of high quality from the exquisite finish, the interior is the result of careful refinement built on attention to each and every detail.

The craft of TAKUMI-NURI, Mazda's high-quality painting technology has been created with a three-layer structure designed to express exceptional texture that gives the impression of a hand painted concept car. It enables the exceptional vividness and depth achieved in our new Soul Red Crystal and Machine Grey Metallic paint options.

Inside and out, the car's design draws car and driver closer together than any previous CX-5.

AWAKEN THE DRIVER IN YOU

When you drive a Mazda you never drive alone. The feeling of togetherness, which we call Jinba Ittai, is stronger than ever in the all-new Mazda CX-5. Featuring superior craftsmanship, ultimate comfort for both driver and passenger, plus our innovative SKYACTIV Technology that improves responsiveness, heightens driving pleasure and builds an enduring relationship between car and driver. Mazda CX-5 forms an undeniable connection. It's the Mazda way.

Model shown is all-new Mazda CX-5 165ps 2WD Sport Nav with optional Soul Red Crystal Metallic paint available at additional cost.

Model shown is all-new Mazda CX-5 175ps AWD Sport Nav Auto Diesel with optional Stone Leather, Safety Pack and MRCC available at additional cost.

DRIVE TOGETHER

All-new Mazda CX-5 offers advanced technology and bold, modern design that creates a more mature, comfortable drive for everyone on board. Whether it's our innovative SKYACTIV Technology or the advanced safety features, every aspect is individually crafted to work as part of the total experience that brings car and driver closer together. Key features include:

- Choice of 165ps SKYACTIV-G petrol and SKYACTIV-D diesel engines with either 150ps or 175ps power output
- Choice of the Active Torque Split All-Wheel Drive system with a unique slip detection and control system
- A high-definition 4.6-inch colour liquid crystal multi-information meter set makes key metrics more visible
- Positioned close to the driver's natural line of sight on the dashboard, is the 7" colour touch-screen display, placing information and entertainment at your fingertips
- Sport Nav models include Traffic Sign Recognition, where traffic signs are automatically recognised and projected on the windscreen

Optional Safety Pack (Sport Nav Diesel)

- The Lane-keep Assist System is designed to prevent your vehicle inadvertently straying from its lane by gently correcting your steering to stay within the lanes
- Adaptive LED Headlights optimally adjust to the driving conditions for maximum visibility
- Blind Spot Monitoring alerts you of vehicles entering your blind spot via a door mirror mounted warning light. If you then indicate an audible alert sounds.
- Rear Cross Traffic Alert is designed for when you are reversing. An alarm alerts you of any vehicles or obstacles approaching from either side of the rear of the car, and stops once the area is clear.

SKYACTIV TECHNOLOGY

SKYACTIV Technology is all about making driving more fun. Embracing all the technologies - engines, transmissions, chassis and body - it's an approach that completely reimagines the car from the ground up. This enables Mazda CX-5 to deliver a unique mix of driving pleasure, balanced with outstanding environmental and safety performance.

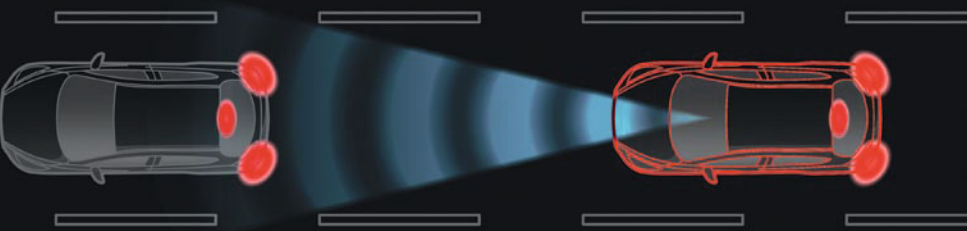

PREMIUM BOSE® SOUND SYSTEM (Sport Nav only)

The sensational Bose® sound system was specifically designed for CX-5, with 10 precisely positioned speakers that create clear, harmonic sound to keep you entertained as you drive.

WINDSCREEN PROJECTED ACTIVE DRIVING DISPLAY (Sport Nav only)

The colour Active Driving Display projects essential driving information including speed, turn-by-turn navigation and traffic signs onto the windscreen, meaning you can focus on the road ahead whilst conveniently being kept updated on important information.

MAZDA RADAR CRUISE CONTROL STOP AND GO (Optional on selected models)

With the Mazda Radar Cruise Control (MRCC) turned on, the car automatically accelerates or decelerates to follow the car ahead. However, for the purpose of safety, resuming driving from a standing start is under the control of the driver.

POWER LIFTGATE (Sport Nav only)

Automatically open and close the boot with the handy power liftgate functionality. You can easily open from inside the car, with the button on your smart key or directly via a button on the boot itself. There's also a sensor that will stop the boot moving if anything gets in its way.
